SURVEY ON FISHING POND

If you go fishing at the Club pond, please answer these questions and email to pchow4570@shaw.ca

- 1. How many times have you fished at the club property?**
- 2. Are you fishing with a child or children, how many children?**
- 3. How many fish are you keeping?**

IMPORTANT MESSAGE

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

The existing *Firearms Marking Regulations* under the *Firearms Act*, scheduled to come into force on December 1, 2018, are being deferred until December 1, 2020

5TH ANNUAL EDWARDIAN SHOOTING PARTY

By
GARY & SYBIL KANGAS

For the 5th year the Edwardians appeared armed and ready to vie for top gun on June 30th, 2019. There were also some modern shotgunners who were intrigued by the competition and decided to enter. The Edwardians welcomed the new entrants. With traditional black powder cartridge guns blazing the Edwardians put on a grand show with VFGPA member Roby shooting black powder won Top Gun. Roby also was awarded Top Gun for black powder cartridge shotgun. Second place was garnered by "Don" shooting a modern over and under shotgun. Shawn was 3rd place Shotgunner. The ladies were not to be outdone. Laurie with her Edwardian attire, however, shooting a modern shotgun won Top Ladies.

There were attendees dressed in eye catching Edwardian era outfits. The best of which was Bruce in his stunning tartan of the Essex & Kent Scottish Regiment in which he was an Officer in his youth. The ladies were well represented by Laurie in her Edwardian summer best and Sybil in her 1910 cycling outfit. Gary was dressed in his 1910 shotgunner best.

After the competition the participants sat down to Edwardian tea and sandwiches which were consumed with delight.

A note of grateful appreciation to Tom & Jodi Sturgill as the event co-ordinator and volunteers Mike King, who set up the Trap machines, Bernard Stewart also for scoring with Mike. Thank you for the helpers without them the Edwardians would not have such a successful event.

Hurrah for Liberty is a new novel by Vancouver Island resident writer, avid Black powder shooter, hunter, magazine writer and history enthusiast Oran Brucks.

Follow the exciting story of two brothers, the sons of a famed Pennsylvania gunsmith who embark on an epic journey down the Ohio River looking hoping to find some adventure and excitement. Adventure finds them and their idyllic trip becomes a deadly pursuit by ruthless enemies who are prepared to use any means to stop the brothers. **Hurrah for Liberty** is available at Amazon.ca and in distribution to book sellers worldwide.

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses. Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well. Very easy to do, training provided, just send me an e-mail

**VICTORIA FISH AND GAME PROTECTIVE ASSOCIATION****DISCOVERY DAYS 2019 NEWLETTER REPORT**

Once more this year's Discovery Days attendance by the public exceeded last year's count; 772 guests were registered at the clubhouse. Volunteer attendance was in excess of 100 club members who came out and give their time to make this day our annual day to show the public what the VFGPA is all about and what we do. This year all the ranges were in use, a bus was provided to transport the general public to and from the airsoft and multi-ranges. Shooting demonstrations, with hands on shooting, and fishing was given to the public. Various displays were given with many new participates i.e. the Canadian Armed Forces, Conservation Service of British Columbia and even the Conservative Party of Canada were on hand. It was noted that the shooting venues were not as congested and the public gave positive feedback to our members. Thanks has to be attributed to the many members who volunteered their time to come out, assist, and support each other throughout the day. Without you events like this can never be accomplished. Many notes were taken throughout the day offering constrictive criticism and suggestions to make next year's event better. All have been included in the complete report which will be sent to the board of directors. In closing, I would like to personally thank all the Discipline Directors and each volunteer for your dedication, enthusiasm and outstanding efforts you all put in to make this day a success.

Thanks

Mike King

Trap Director and Discovery Day Coordinator

Archery

Doug and Sonya should be awarded a sainthood for bringing in a team to bail out Outdoor Discovery Day, which had 10-20 deep line up the entire day eager to get their hands on a bow. I have board approval to place two Canada Summer Job student hires on site over July & August for trails and grounds maintenance, and a very interested group of professional motorcycle instructors have booked the range as a training facility for off-road dual sport training, bringing in much needed cash to pay for much needed maintenance in the absence of volunteer work commitments. I'm looking forward to training our youth hires to assist the public on site over the summer and help build the core group of Cavemen.

Airsoft has also booked the trails one weekend day each month to accommodate their growing discipline. I assume they understand that comes with a volunteer work commitment.

Please be sure to check the booking calendar going forward, as the archery range is going to be a busy place with maintenance and corporate bookings.

Hansard voting results for Bill C71 for Vancouver Island

This information is an excerpt from the September 24, 2018 Hansard for Bill C-71. The Hansard is an official parliament record of voting on all Bills. I will put the MPS name first, their political party and riding they represent.

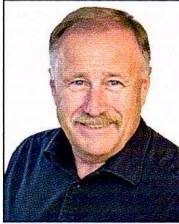

Elizabeth May	Green Party	Saanich-Gulf Islands
Murray Rankin	NDP	Victoria
Alistair MacGregor	NDP	Cowichan-Malahat-Langford
Randall Garrison	NDP	Esquimalt-Saanich- Sooke
Sheila Malcolmson	NDP	Nanaimo-Ladysmith
Rachael Blaney	NDP	North Island-Powell River

All of the above MPs voted yes to Bill C-71 which is a direct attack on on Firearm ownership and yes affects us all. If you voted for these MPs you are destroying your own ability to own firearms.

We as a club with our membership numbers along with non member friends, families and others pack a major political clout. You have to protect yourselves, don't rely on the NFA, CCFR and other groups to do your work. If you choose to be apathetic not fighting for your firearms then you deserve the consequences,

Thank you for your time

No deadline for cabinet to put Liberal gun law into force

By [Tim Naumetz](#). Published on Jul 3, 2019 6:00am

Key measures in Liberal firearms legislation that went through final approval after the House of Commons adjourned in June will not take effect until cabinet passes special orders on a date that has not yet been set.

Firearm lobby groups who fought the legislation tooth and nail say they expect the measures might not be put into force before the October federal election.

Public Safety Canada quietly issued a statement after the bill received royal assent on June 31 stating that only some the bill's "technical" amendments to the Firearms Act took effect immediately after Governor General Julie Payette signed off on the legislation.

But there is no deadline yet for cabinet to pass orders and approve regulations that will give effect to other measures that were strongly supported by advocates for stiffer gun controls during the bill's contentious yearlong journey through Parliament.

The measures still to take effect include renewed mandatory validation of gun licences during sales or transfers of non-restricted rifles and shotguns; a return to requirements for retailers to maintain point-of-sale records for police for court-ordered access during criminal investigations; and the introduction of background checks for life for firearm licence applications and renewals.

Cabinet orders will also be required to put into effect a section of the act that will re-classify two makes of imported semi-automatic rifles back to prohibited status in Canada and the grandfathering of ownership for individuals who owned those rifles as of June 30.

The previous Conservative government amended the Criminal Code to allow the cabinet of then prime minister Stephen Harper to reclassify the semi-automatic rifles as non-restricted or restricted after the RCMP had changed their classifications to prohibited.

Public Safety Canada told iPolitics Tuesday that timing for cabinet action on the C-71 measures had not yet been set, while a prominent gun-control advocate expressed concern that the wait might be too long.

"The timing is not yet determined, but it will be only after the necessary changes have been made (in part creation of a new RCMP database for licence validity) and any associated regulations have gone through the consultation process," said Public Safety spokesperson Karine Martel.

One leading gun lobby activist said Tuesday the government might not be able to put all of the measures into force before October, while another said the government might not even want to re-ignite a controversy before the election.

A vice-president of the Canadian Coalition for Firearm Rights said that as the summer passes, the election campaign will take precedence over the bureaucratic and technical changes that will be required for regulations and infrastructure to give the new law its legs.

"Likely not before October," said Tracey Wilson, the CCFR's vice-president who is also the coalition's in-house lobbyist. "The cost of implementing some of these measures was never costed into the legislation."

Continues next page

She said costs might have to be absorbed by provincial governments because chief firearms officers across the country fall under provincial jurisdiction.

“Many of these measures will require various platforms to be built,” Wilson said, referring to a new system for licence verification that requires contact with the RCMP firearms registrar to verify licences before a rifle or shotgun can be purchased.

Restricted and prohibited handguns and rifles can only be acquired with a special licence, and registration in a national registry administered by the RCMP is mandatory.

The RCMP recently confirmed to iPolitics that the Canadian Firearms Centre has already been experiencing backlogs in firearms licence applications, but blamed the problems on technical issues with the licence printing process.

Prominent Montreal gun-control advocate Heidi Rathjen said it would be irresponsible for the government to delay putting the entire new law into effect.

“We would expect the Liberals to proceed in a way that ensures the timely implementation of such a controversial and hard-fought-for bill, especially with the federal election right around the corner. Given all the opposing forces, it would be irresponsible if they did not,” said Rathjen. “Any unreasonable delay is to the gun lobby’s advantage.”

The head of one of Canada’s oldest gun lobbies, the B.C.-based National Firearms Association, said he believes the Liberals might be cautious about beginning a high-profile process of putting the new law into effect after being hounded by gun owners and lobbies as the bill was passing through Parliament.

“They’ve made their political points on this,” said NFA president Sheldon Clare. “Now it’s just a bureaucratic process.

“They don’t want to rock the boat anymore,” said Clare.

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia." "The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province. "Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

SIAS Report

After the craziness that is IPSCBC Qualifiers, SIAS has had a pretty quiet month..

100th Anniversary/Discovery Day

With the new format this year for the 100th it was a bit of a challenge which required quite a few more volunteers than usual. We set up a demonstration Stage which showcased our sport with static, steel and moving targets, it also required the shooter to move to different areas in the course of fire to engage all of the targets. We had members shoot the Stage numerous times throughout the day to show our guests what it is that we do, this also required us to have members act as Range Officers, Score keepers and also had them resetting the Stage for the next demonstration. We also had someone explaining to people what they were watching and answering any questions that we had. We had a fair number of very interested spectators, some of whom came out to watch our match on June 30th

Huge thanks to our Stage designer and set up crew; Thomas C, Les G, Scott A, Dom P, our demonstration shooters and crew; Hudson, Ji, Zach, Thomas, Oleg, Bill E, Doug B and Jerry W

In an adjacent Bay we had a variety of handguns and pistol calibre carbine rifles for people to try out, 4 stations for people to try handguns and 2 for rifles, the volunteers were busy all day introducing people to shooting.

The biggest thanks to those who gave their time to introduce our guests to the excitement of shooting handguns and carbine rifles! Dave G, Tim H, Mike C, Lyle McG, Matt C, Scott A, Tony B, Dom P and Jerry W, you brought a lot of smiles to faces that day!

3 Gun Match

We hosted a 3 gun match on June 23rd that was attended by 19 shooters from all over the Island. Three gun is a sport that growing in popularity

SIAS Action Pistol Match

We held the 4th SIAS club match of the year on June 30th. Despite it being a long weekend and there being an IPSCBC double header qualifier on the Mainland we had 47 people turn out to shoot under sunny skies and hot temperatures.

Canada Day!

Canada Day saw us hold our traditional SIAS get together to celebrate with a BBQ, socializing, cake and of course some shooting!

NOTICE TO MEMBERS: CANNABIS IS NOW LEGAL!

(... as if you might have missed that little detail in the new Canadian Society ...)

The new rules in Canada that now allow legal use of Cannabis have prompted your Board of Directors to update a couple of our Range Rules to ensure that 'common sense' will still be prevalent on our ranges.

The Property Use Policy; Under 'General'; has been updated to the following;

14. Absolutely no consumption of alcohol or cannabis on any shooting or archery range. Anyone that appears to be impaired, for any reason, while using the ranges, will be asked to leave the property.

Also, Under 'General Range Rules - Number 14; has been updated to the following;

Rule # 14 – The consumption of alcohol or cannabis is **NOT** permitted on an active range.

BRASS PROGRAM

Brad Woollven will now collect, sort, and sell our club's recovered range brass. You can contact Brad at 250-727-9175 or by email at leonardwoollven@gmail.com regarding any calibres of reloadable brass that you might be looking for.

"New to our Range: Holster Training Course"

You must be 'Holster Trained' and have a Holster Training qualification Card to use a Handgun Holster on our ranges.

Holster Training Courses (a 2 hour short course 10-12pm) will be held at the club on:

**Aug. 11th, Sept. 14th, Oct. 6th, Nov. 23rd,
Dec. 15th**

For Details, costs, & pre-registration, call at the Club Office 250-858-8342

Victoria Fish & Game Club Chronograph is now available for rental!

The club recently bought a basic Model F-1 Chrony which will be available for rental to our paid, card carrying club members. (We will not be renting the club chronograph to day pass users.) We will be charging a nominal fee of only \$10 for the use of the club's chronograph, which will be available to be signed out from the Caretaker's office. We will have a simple form to record the renting member's information and it will be the responsibility of the renter to return the chronograph to the office before they leave the range property. Since we suspect this will be a very popular club program I would suggest that you contact the office in advance to book your rental of the club Chrony by date, to ensure that someone else hasn't arranged to rent it on the same day. We now have a club camera tripod that can be used with the rental Chrony.

Official Range Plan

If you have any suggestions for major capital improvements to the range, please submit your ideas to info@vfgpa.org

Hello Members,

Just a reminder ALL targets MUST be placed below "the orange lines on the Rifle Pistol Range" this prevents the target holders from getting shot up.

If you see someone not doing this please mention it to them (nicely).

Junior Action Shooters

Is there a Junior in your life between the ages of 11 and 16 years of age who might be interested in coming out and shooting Action Pistol but isn't ready to shoot 9mm?

The South Island Action Shooters is offering a Junior Action Shooters course that will teach safe gun handling, holstering and how to safely move through a course of fire using 22 rimfire pistols.

A parent or guardian must be present during the training course which will be approximately 5 hours and be required to provide a rimfire pistol for the Junior to train with. They will also need at least 2 magazines a sturdy belt, a holster and 2 magazine pouches.

Please email sias@vfgpa.org for more information or to register your Junior.

TO ALL TRAP SHOOTERS

You can now shoot Trap at the same time as a Skeet Practice is taking place under some new strict conditions.

Please ask Staff to review the new conditions with you when you stop by the office to sign out Trap Keys.

Trap Practices are held four times a month on Wednesdays and Sundays as marked on the club's calendar.

“ If the skeet field is in use the onus is on the trap shooters to ask for a cease fire from the skeet shooters prior to proceeding downrange to your designated trap house also to tell them that you have returned to your firing line”. Thank you for your cooperation

BULLSEYE SHOOTING AT VFGPA 2019

VFGPA Weekly Bullseye Competition Shooting recently opened the 2019 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive ISSF Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 7 inch Bullseye target zone and as with all ISSF pistol disciplines, all firing must be done with one hand, unsupported at 25 yards.

Dom and David (Thank you) have assigned MP Range 7 for us each Wednesday morning. We have several shooters who are steadily advancing their marksmanship skills and our goal in 2019 is to have a full line of competitive Bullseye shooters.

If Precision Competitive Shooting is of interest to you,
Please contact:

Gary Byrne at (250)634-8215.

He can share additional details and answer any questions you may have.

Publisher's Note

Deadline for each month is the Wednesday after the Executive meeting (the first Monday) of the month.
NEXT DEADLINE WILL BE ON WEDNESDAY, August 7th, 2019. Note: Late submissions will be published in the month following. Send all pictures with the event name, date and the names of people in the photo.

Please send all submissions to:

**IMPORTANT NOTICE TO ALL MEMBERS**

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the

course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

July 24th	Aug. 28th	Sept. 25th	
July 27th		Sept 28th	
	July 31st		

If you have questions about the Program please ask the Manager, David, Trap Director Mike or Relief Caretakers Art, Andrew, or Bob.

**Safety Tip**

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if there is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

NEW VANCOUVER ISLAND DEER BOOK

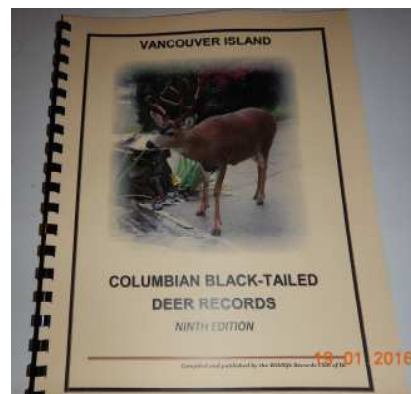

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00. The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

- An inaugural meeting of the ad hoc *South Vancouver Island Public Fishery Alliance* was held June 12 at the Esquimalt Anglers' Association clubhouse. Sixteen key individuals involved with the local Public fishery attended. The purpose of the meeting was to develop a political action campaign leading up to the October federal election. It will ensure that the interests of the Public fishery, particularly the chinook fishery, forms an important and positive part of each party's election platform.

- The meeting concluded that DFO has failed to address the depressed state of Middle and Upper Fraser River stream type chinook. DFO has minimal investment in the region, has known about the situation for a long time, has closed hatcheries and relied on failed & economically damaging harvest reduction policies.

- Is there a re-allocation of healthy chinook stocks away from the Public fishery and why? Why are Fraser River First Nations fisheries opening on healthy stocks July 15 while Juan de Fuca and Lower Georgia Strait Public fisheries on non-retention until August 01. No response from DFO on this question which has been put to them.

- Selective fishing techniques should apply to all fisheries. Some attendees suggested that gill nets be banned to reduce the mortality on non-targeted stocks.

- Hatchery technology should be utilized for specific salmon stock rebuilding. However, the Minister of Fisheries & Oceans and staff are not committed to hatchery augmentation. Anti-hatchery elements within the ENGO community and DFO have the Minister's ear.

- Predator control of seals and sea lions (pinnipeds) needs to be carried out at particular locations and times as both smolt out migration and adult spawner escapement are impacted.

- Recommendations for Public Chinook Fishery recovery included 100% marking (adipose fin clip) of hatchery chinook and coho **immediately**, transition to Mark Selective Fishery **immediately** and release all wild (unclipped) chinook and coho during migration period for stocks of concern.

- Action items are currently being finalized for the federal election campaign.
