HOUSE KEEPING

Hello Members, a few house keeping items:

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable.** Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves.

Please print your Name/Member Number when you sign in, we NEED to be able to read what you Write/Print.

If **8 PM** is Closing Time the last shot is 730, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **8pm**. Range staff have already worked their 12-14 hours and would like to go home and see their families.

Thanks for your help.

**MALAHAT MARAUDERS 2014 RENDEZVOUS****August 2nd - 4th**

Forty or so shooters braved the tropics-like heat in order to attend the 2014 Malahat Marauders/VFGPA Annual Rendezvous. As we approach our third-year milestone this month, we're pleased with the growth and continuing development of the VWS club. At the same time, though, there's an acute understanding of what still needs to be done. The VWS Director's Committee has been hard at work, discussing ways to deal effectively with the needs.

Many valuable suggestions have come from new members in the last few meetings. Much appreciated, and it's great to get to see our facebook/e-mail friends in person once in awhile.

Those of us who have been involved in VWS since the beginning are excited to have three new members join our Committee. A very cordial welcome to Angela, Ashley, and Jodi. We're looking forward to having you work with us to keep VWS advancing into the future!

It has become obvious that we must adjust as our membership changes. Many people have qualified for PALs, and many more are in the process. Those who have recently participated in introductory events now need to just get into the action with long-term shooters. We all know that's the most effective way to 1) learn and 2) become comfortable in the shooting community. Most of us also know that this is one of the hardest facts to sell to new shooters!

In a way VWS has been blessed by our lack of our own qualified facilitators. The bonus has been that those from other disciplines who have helped to fill this gap have created an awareness of the fun, welcoming atmosphere of the entire VFGPA community. We thank each of you for your offer to continue to be available. Be aware that we DO intend to take you up on those!

COMING UP: One of the Committee's decisions is to commit to monthly practices. Third Saturday of the month at 09:00 has been chosen. First one is **August 16**.

September 20 – A celebration of our **THIRD ANNIVERSARY** is in the planning stages for this date.

October 04 – Intro to Cowboy Action for a group of our members, thanks to Al & Joleen.

October 18-Regular monthly practice

Info on these activities will be e-mailed to members.

**VICTORIA FISH & GAME ANNUAL BIG GAME COMPETITION**

Hunters are reminded that Blacktail deer taken in MU 1-1 through 1-13 by Victoria Fish & Game members are eligible for the five trophies available each year. Deer must be field dressed which means that the heart, liver and kidneys (edible portions) are the only internal organs which can be included when the animal is weighed. Deer must be weighed on Club scales by the caretaker or his designate.

The official weigher reserves the right to refuse weighing any deer which arrives in an unrepresentable condition. Lungs must be removed and body cavity wiped dry with a rag or paper towels. Deer 160 pounds and over taken with a rifle and 140 pounds and over taken by bow and arrow must be witnessed by an executive member at time of weighing. Please contact the Club caretaker or Wayne Zaccarelli to make arrangements.

Trophies available include:

McIlwaine Van & Storage (est. 1955) largest deer / rifle
Victoria Fish & Game (est. 1966) largest scoring antlers
Robinson's Sporting Goods (est. 1970) largest deer / bow & arrow
Bob Hollingworth Memorial (est. 1983) largest buck deer / junior member
Malahat Marauders (est. 1990) largest deer / muzzle loader

Gold, silver and bronze buttons are awarded in both rifle and bow & arrow classes for deer in the following weight categories:

	RIFLE	BOW & ARROW
Gold	180 lb +	160 lb +
Silver	160 - 179 ½ lb	140 - 159 ½ lb
Bronze	140 - 159 ½ lb	120 - 139 ½ lb

In addition, the Victoria Fish & Game Bear trophy is awarded annually for the largest Black bear taken by a Club member. Boone & Crockett Club scoring is used to determine the largest entry. Boundaries are again MU 1-1 through 1-13.

LIVE WEIGHTS OF DEER

I recently came across this rule-of-thumb formula for calculating live deer weight from field dressed weights. It was originally carried in a 1945 edition of Field & Stream magazine. "Add five ciphers to the dressed weight of your deer and divide that figure by 78,612. The result will be the live weight in pounds. For instance, if the dressed weight of a deer is 100 pounds, then 10,000,000 divided by 78,612 is 127 pounds live weight.." This formula has been proven to be quite accurate.

**PLEASE PLEASE PLEASE**

Place your targets on backers between the wood 1" x 5" X 10 ft long slats.

Every time you fire directly into the wood slats they have to be replaced at over \$10.00 each. (We are going through a lot of them)

Please attach your targets under the orange lines painted on the plywood sheets. Every time the 2" X 10' s get shot out they have to be replaced.

Please do not sweep your brass off the cement pad onto the ground. Instead sweep into the dust pans (orange ones hanging on the wall) and put into the brass buckets if it's BRASS. Steel/shotgun hulls go into the garbage cans.

Junior Shooting

The air rifle shooting program, offered in conjunction with the North Saanich Rod and Gun Club, has stopped for the summer and will resume in September. This program was reasonably successful for a first time offering and there is already significant interest in its continuation.

Junior Rifle Shooting Program

This program, held every Saturday afternoon, has had a reasonable turnout since inception. Advanced precision rifle (.22) and air rifle are offered in conjunction with a drop-in .22 program for adults and children.

Air rifle was originally conceived as a program for juniors but, as the children must be brought to the range by their parents, these parents have been participating – and enjoying the experience. As a result, the air rifle program will now be open to all with priority being given to junior shooters.

Air rifle is a demanding shooting venue with the advantage that the regulation shooting distance is 10 meters (33 ft) – a distance achievable in many basements. Ammunition (.177 lead pellets) is reasonably priced, noise is low and backstop requirements are minimal. If the muzzle velocity is less than 500 ft/sec. the gun is not considered a firearm and a PAL is not required.
