2017 BOAT SHOW

The Victoria Fish & Game was invited to participate again at the 2017 Boat Show held in February at the Pearkes Arena behind Tillicum Mall and so we set up and ran our club's portable 10 meter air gun shooting range once again. We've done this for several years now and it has always been a wonderful promotional opportunity for our club. It helps to keep local Victoria residents aware of the VF&GPA's existence and what our ever growing facilities offer to its members, plus it also helps to encourage the general public to try the shooting sports so that they can discover (and in some cases re-discover!) that it always has been and still is a very safe and enjoyable recreational opportunity for Victoria area residents. Since many of the participants at our club's air gun booth at the Boat Show are young children (and their nearly as young parents!) it also gives us a great chance to promote the Juniors .22 and air gun shooting program held on Saturdays out at the North Saanich Rod & Gun Club range facility on McTavish Road which is jointly run by both the VFGPA and NSR&GC.

The Boat Show was open for 3 days (Friday, Saturday and Sunday) with access to set up our booth on the Thursday afternoon before the show. Needless to say without a fairly substantial crew of club volunteers and their vehicles it would be nearly impossible for us to transport, set up, operate, and then disassemble our air gun range at the end of the show and transport it all back up to our club to put back into storage.

We were lucky again this year to have a very good volunteer response when the call went out, and we would like to offer a very large and sincere "Thank You!" to all of the following people who were involved with our Boat Show booth this year: Al Page, Dom Piluso, Doug Linton, Brad Woollven, Perry Roemer, Catherine Fryer, Gary & Sybil Kangas, Erin Bernard, Paul Martin, Bob Macdonald, Al Hargreaves, Lori Noye McKay, Dawne Deeley, Perry Chow, Ed Emerick, Owen Strachan, and "Ivan". (I'm sorry Ivan, but I didn't get your last name when we swapped emails?) Our thanks also go out to Kevin Blackburn, the Boat Show chairman / co-ordinator from Can West Productions for all of his help and support (as always), plus our sincere thanks again to Ward and Darren and Ian from Island Outfitters for supplying the large quantity of .177 calibre pellets that were needed to keep the air rifles and air pistols fed. (They have been generously supplying the targets and pellets for this event for several years now.)

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses.

Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well.

Very easy to do, training provided, just send me an e-mail

Archery 3D Shoot Report

We held our first 3D shoot of 2017 on Sunday 26 February

Unfortunately the weather kept many away so we had only 29 hardy shooters who braved the wind, snow and rain (there was a rumor of sun in the afternoon) to shot the trail. Thank you for coming out.

Special thanks to those who made it happen, specifically Sonya Bell who did the course layout, mapping and all the details to make it go, Greg Birtwhistle for RSO and making sure it was safe and all the help that showed up to set up Saturday- I will not name you all but you know who you are – without you we could not make it happen.

Two non-members get special mention: Joe Parussini who stepped in and did my job (I ran away to Surrey) and Bernie VanGylswyk who just worked and worked

See you for our next shoot, Sunday 30 April

**Fired Range Brass Program reminder!**

Just a reminder to our members to only put fired pistol and rifle cartridge cases (brass or steel) into the plastic range brass buckets. I just spent a few hours pre-sorting through 10 buckets of brass to remove the plastic shot shell hulls, used paper targets, empty cardboard ammo boxes, plastic ammo trays, used earplugs (LOTS of those), used Kleenex, and other misc garbage that should NOT be put in the brass buckets. Please use the provided garbage cans on our ranges for your garbage and ONLY put your fired rifle and pistol cartridge cases in the buckets provided for range brass. It will definitely help to make my job a lot easier ... and a lot less disgusting. It is a fairly time consuming job to separate and sort all of the various calibres of brass to make them available to the members that reload, but it makes it far more time consuming when I have to pre-sort all of the garbage out of the brass buckets first.

Check page 31 in this newsletter for information.

Many thanks in advance,

A Big Thank You to our club member "John Russell" for his recent generous donation of some once fired rifle brass to the range brass program.

NEW VANCOUVER ISLAND DEER BOOK

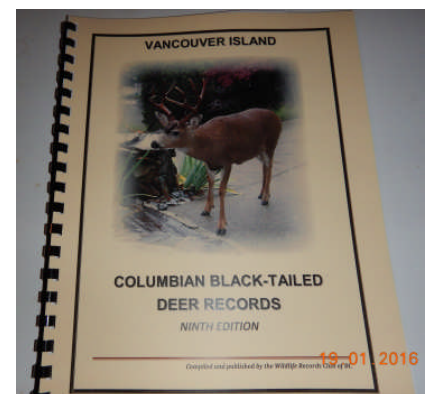

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

**To All Members of the VFGPA,
Next meeting is Monday, March 20th**

The South Island Action Shooters hosted their first match of the season on March 5th at the Multi-Purpose range.

Despite the dismal weather forecast and very changeable conditions 30 shooters came out to participate, one intrepid shooter drove down from Port Alberni to join us!

Everyone had a chance to shake the rust off and shoot 7 challenging Courses of Fire. These ranged from “run and gun” Stages to static “strong hand” and “weak hand” shooting with a few that needed a fair bit of strategizing to figure out how best to shoot them. The match likely highlighted for people the skills they need to work on for the upcoming season! Regardless, there were a whole lot of smiles out there!

Many thanks to our Match Director Ted L, all of those who came out to help with setup on Saturday and stuck around in the cold to help tear down on Sunday.

SAFETY REMINDERS--PLEASE READ

FIREARMS--CASES--BENCHES

- * Firearms are to be cased and uncased ONLY during Live Periods and preferably only at the Firing line (forward wooden benches) Actions open, Magazines removed (empty cases can be returned to rear gear tables)
- * Firearms are to be Loaded and Unloaded ONLY on the Firing Line (forward wooden shooting Benches)
- * Muzzles are always to be pointed down range or upwards.
(magazine may be filled or emptied at the rear gear benches and tables).

“CEASE FIRE” ROUTINE/PROCEDURES:

- * Remove ammunition from the Chamber. Remove magazines from the action
- * Leave actions visibly open-(a chamber flag helps visibility!)
Then- **Your Choice:**
- * Leave firearm(muzzle pointed down range, magazine removed, action open) on FIRING LINE bench.

Or

- * Carry firearm muzzle up and place in rear wall rack- magazine removed action open.
- * Remember to take needed targets, tape, stapler, beverage, etc. with you when leaving the shooting bench area for the Cease Fire Period. (An RSO can retrieve forgotten items.)
- * During a Cease Fire DO NOT go within 3 metres of the firearms on the bench or handle firearms on the racks(Remember your P.A.L. Course). Do not touch anything on your shooting table. (An RSO can retrieve forgotten items).
- * During a Cease Fire the divided concrete slab area around the shooting benches is to be used to walk through only on the way to your target and back. Please remain off the shooting table area concrete during cease fire periods.

Safety Tip

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

David Michaud, CRSO

Your Cooperation is appreciated! Your Safety is our only concern!

Thank-you

BIG GAME RECORDS BOOKS

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

The most recent sixth edition (2010) of the Big Game Records of British Columbia is available for \$35 each. These are hard cover books containing records of all native big game species in B.C. Hunting stories, photographs and a listing, by species category, of entries meeting the minimum score requirements, are included.

Copies of previous editions are also available as follows:1st edition (1970 - reprinted 2011)2nd edition (1983)3rd edition (1988)4th edition (1995)5th edition (2003)
