NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses.

Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well.

Very easy to do, training provided, just send me an e-mail

We are continuing to see new players at the field so word is spreading about the renewed interest in Airsoft at VFGPA. If you have your own safety gear and ammo the guns can be rented by themselves. Camouflage Victoria donates part of the rental proceeds to the Airsoft Range build fund.

If you are interested in renting, you can contact Aidan Winter at Camouflage Victoria (downtown on Government Street) or you can post in our Facebook forum (<https://www.facebook.com/groups/vfgpaairsoft/>). Our scheduled game days are continuing on every other Sunday with upcoming dates of::

Fired Range Brass Program reminder!

Just a reminder to our members to only put fired pistol and rifle cartridge cases (brass or steel) into the plastic range brass buckets. I just spent a few hours pre-sorting through 10 buckets of brass to remove the plastic shot shell hulls, used paper targets, empty cardboard ammo boxes, plastic ammo trays, used earplugs (LOTS of those), used Kleenex, and other misc garbage that should NOT be put in the brass buckets. Please use the provided garbage cans on our ranges for your garbage and ONLY put your fired rifle and pistol cartridge cases in the buckets provided for range brass. It will definitely help to make my job a lot easier ... and a lot less disgusting. It is a fairly time consuming job to separate and sort all of the various calibres of brass to make them available to the members that reload, but it makes it far more time consuming when I have to pre-sort all of the garbage out of the brass buckets first.

Check page 28 in this newsletter for information.

Many thanks in advance,

"Many thanks to the club members who have donated their surplus, reloadable brass to our club's brass recovery program lately! It is very much appreciated."

SIAS Club Championship

September 24th saw SIAS shoot the last match of the season in the form of our Club Championship match. We had 39 shooters come out including 2 Juniors and 2 brand new shooters. I think they're hooked and will be back in the Spring!!

Our Top Gun winners for this year were: Oleg Matveenko Jr., Andrew Betts, Thomas Crocker, Spencer Shephard, Vince Velasco, Peter Espersen, Tim Hoffman and Jerry Chue.

There is a tradition of the Club providing lunch for SIAS members at this last match of the season, Peggy Stenger, with the help of some of her family had put this on for many years. With Peggy's passing her daughter Gina wanted to keep the tradition alive, at least for this year, so she and her husband and daughter along with her siblings came out and put on a lovely lunch at the match.

SIAS Club Championship
2017

The Alec Stenger Memorial Award has been renamed the Alec and Peggy Stenger Memorial Award. Each year it is given to a SIAS member who is recognized for their invaluable contribution to the South Island Action Shooters, this year Alec and Peggy's children awarded it to Dave Gerow. Very well deserved and a choice that would have made Peggy and Alec very happy.

One of our shooters, Spencer Shepard, has designed a website for SIAS, while the front end is viewable to the public the majority of the site is SIAS members only, people can post pictures, we can list upcoming events etc. Spencer has done a fantastic job and the site is still evolving. It can be found here: <http://actionpistol.ca/>

Last but not least, our very last, last match of the season is in the form of a "Zombie 3 gun match" owing to the fact that The Walking Dead season opener is that day and well, you know, Halloween is on the horizon and all, that match is on October 22nd. Hopefully we'll have pictures to share of the mayhem in the next Newsletter!

SHOOTING AT VFGPA -Update

The response to the idea of developing a discipline of Competitive Bullseye Shooting at VFGPA was very encouraging and we have 8 participants signed up with an expression of possible interest by a few others.

We have been given a booked time on the MP range [Thank you] and we plan a match each Wednesday morning beginning at 09.00 [set up 0845]

As we begin the program we are taking time to introduce short shooting clinic and match tips and techniques before the match. Shooters have all the shooting skills and the effort now is to bring all the complexities of Precision shooting into the 8/9/10 ring focus.

Bullseye shooting is about marksmanship. Some are seasoned shooters while others are new to the discipline. In the first 4 weeks we are seeing great progress and our competitive shooting goal is developing nicely.

We appreciate the support given to the effort by Dom and David and look forward to seeing the discipline continue to expand.

The range can accommodate 7 shooters and of course not everyone can make every match so we feel we can accommodate another 3 or 4 shooters.

If Bullseye/Precision Competitive Shooting is of interest to you Please contact Gary Byrne at 250.634.8215. He can share additional details and answer any questions you may have.

2017 Vancouver Island Combat Championships

The 41th Annual Edition of the Vancouver Island Combat Championships was held at our range on the Thanksgiving weekend of October 7 & 8th. This is a two day PPC event, and this year we had just under 30 competitors from BC, Alberta, Ontario, and the USA in attendance. Once again the event was a success, with all competitors having a fun time while renewing old friendships and making new ones. This year, the weather was very cooperative, as the sun was peeking through the clouds for most of the weekend. We also had an encouraging number of newer shooters at the match. It was good to see some healthy competition in All of the Classes, but particularly in the Marksman, Sharpshooter, and Expert Classes.

Congratulations to the winner of the 1500 PPC Event, Roly Miles, a World-Class competitor from Ontario, who also won the 1500 Duty Pistol Event!

Thanks to all of the people that contributed by volunteering their time to work at the match; Mark Fournier & family who formed the kitchen crew; Gerry Vaux the Match Director; Mike & Maria McEwan and the statisticians; Dave & Chad Becker & all of the volunteer RSO's who acted as line officers; Our Chief Range Officer, David Michaud; and to all of the volunteers and everyone who contributed to making the match a success!!

IMPORTANT MESSAGE

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

IMPORTANT NOTICE TO ALL MEMBERS

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

**MALAHAT MARAUDERS**

For the annual event of Metchosin Days we were lucky to have a warm and dry day, which added to the enjoyment of not only our group but for those viewing our display as well.

I am unaware of the total number of visitors but a guess is about 5000 in attendance for the day. We had large groups of people who viewed our display with a great amount of interest in our club.

I would like to thank Art, Catherine, Bill & Donna, Maurice, Tom, Duane & Karen for coming out to help. Without volunteers these events would never happen.

WE ARE HAVING OUR ANNUAL TURKEY SHOOT NOVEMBER 25 & 26TH.

SAFETY REMINDERS--PLEASE READ

FIREARMS--CASES--BENCHES

- * Firearms are to be cased and uncased ONLY during Live Periods and preferably only at the Firing line (forward wooden benches) Actions open, Magazines removed (empty cases can be returned to rear gear tables)
- * Firearms are to be Loaded and Unloaded ONLY on the Firing Line (forward wooden shooting Benches)
- * Muzzles are always to be pointed down range or upwards.
(magazine may be filled or emptied at the rear gear benches and tables).

“CEASE FIRE” ROUTINE/PROCEDURES:

- * Remove ammunition from the Chamber. Remove magazines from the action
- * Leave actions visibly open-(a chamber flag helps visibility!)
Then- **Your Choice:**
- * Leave firearm(muzzle pointed down range, magazine removed, action open) on FIRING LINE bench.

Or

- * Carry firearm muzzle up and place in rear wall rack- magazine removed action open.
- * Remember to take needed targets, tape, stapler, beverage, etc. with you when leaving the shooting bench area for the Cease Fire Period. (An RSO can retrieve forgotten items.)
- * During a Cease Fire DO NOT go within 3 metres of the firearms on the bench or handle firearms on the racks(Remember your P.A.L. Course). Do not touch anything on your shooting table. (An RSO can retrieve forgotten items).
- * During a Cease Fire the divided concrete slab area around the shooting benches is to be used to walk through only on the way to your target and back. Please remain off the shooting table area concrete during cease fire periods.

Safety Tip

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

David Michaud, CRSO

Your Cooperation is appreciated! Your Safety is our only concern!

Thank-you

**VICTORIA FISH & GAME ANNUAL BIG GAME COMPETITION**

Hunters are reminded that Blacktail deer taken in MU 1-1 through 1-13 by Victoria Fish & Game members are eligible for the five trophies available each year. Deer must be field dressed which means that the heart, liver and kidneys (edible portions) are the only internal organs which can be included when the animal is weighed. Deer must be weighed on Club scales by the caretaker or his designate.

The official weigher reserves the right to refuse weighing any deer which arrives in an unpresentable condition. Lungs must be removed and body cavity wiped dry with a rag or paper towels. Deer 160 pounds and over taken with a rifle and 140 pounds and over taken by bow and arrow must be witnessed by an executive member at time of weighing. Please contact the Club caretaker/manager or Wayne Zaccarelli to make arrangements. Hunters are reminded that access to club facilities is restricted to daylight hours with the gate locked progressively earlier through the hunting season. Please ensure that you confirm the time gates are locked and show up at least a half hour earlier.

Trophies available include:

McIlwaine Van & Storage (est. 1955) largest deer / rifle

Victoria Fish & Game (est. 1966) largest scoring antlers

Robinson's Sporting Goods (est. 1970) largest deer / bow & arrow

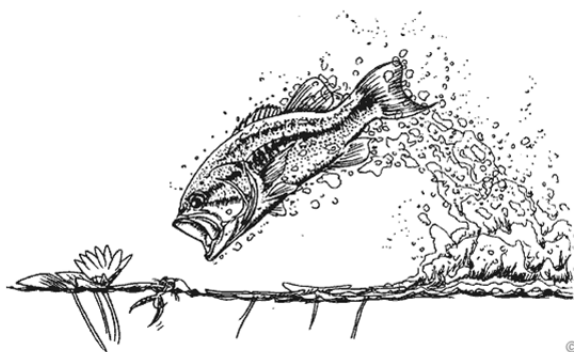

Bob Hollingworth Memorial (est. 1983) largest buck deer / junior member

Malahat Marauders (est. 1990) largest deer / muzzle loader

Gold, silver and bronze buttons are awarded in both rifle and bow & arrow classes for deer in the following weight categories:

	RIFLE	BOW & ARROW
Gold	180 lb +	160 lb +
Silver	160 - 179 ½ lb	140 - 159 ½ lb
Bronze	140 - 159 ½ lb	120 - 139 ½ lb

In addition, the Victoria Fish & Game Bear trophy is awarded annually for the largest Black bear taken by a Club member. Boone & Crockett Club scoring is used to determine the largest entry. Boundaries are again MU 1-1 through 1-13.

MILLSTREAM FISHWAY PROJECT

On Saturday September 30, I attended an information display and tour of the project site. Attendees met at the Mill Hill CRD Regional Parks Headquarters parking lot at 490 Atkins Avenue. The project involves building a step pool fishway from creek level into a large diameter steel culvert running below Atkins Avenue. There is currently an eight to ten foot drop from the culvert into the creek which makes it impassable for salmonids to negotiate. Successful completion of the fishway will allow spawning Coho salmon and Cutthroat trout to access about eight kilometres of suitable habitat above the Atkins culvert.

The culvert is located directly across from the Mill Hill CRD Parks Headquarters entrance. There is a trail leading from the road surface down to the pool fed by the culvert. Ian Bruce of Peninsula Streams Society led the tours and explained the project.

The two year project involves planning, project development and engineering in 2017-18 at an estimated cost of \$93,000 and construction in 2018 (and 2019?) at a projected cost of \$417,000. Peninsula Streams has applied for funding through several sources. They have secured up to \$40,000 for 2017-18 and \$205,000 for 2018-19 through the Fisheries & Oceans' Recreational Fisheries Conservation Partnerships Program based on matching funds from other sources.

For close to 25 years, local volunteer groups and municipal governments have worked to successfully remove impediments to fish migration from close to tidewater to the Atkins Avenue culvert. Last fall, Coho spawners were observed in the pool below the culvert. An in-stream camera in the lower creek counted 700 plus Coho in 2016.

The Victoria Fish & Game Protective Association has donated \$5000 toward this important and valuable project which could more than double or triple the production from this watershed. Donations can be sent to Peninsula Streams Society.

NEW VANCOUVER ISLAND DEER BOOK

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia."

"The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province.

"Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

Copies of previous editions are available at the prices noted below (postage extra):
