

Victoria Fish and Game Protective Association

ESTABLISHED 1919

MAY 2018

Editor & Publisher: Jodi Sturgill

President's Report

This is my first report as President of the Victoria Fish and Game Protective Association. Having had the honour to sit on the board of directors for the last 6 years, I am pleased to serve as your President.

We have achieved many successes, are faced with some challenges, and many opportunities. While our choice of disciplines may vary, we are brought together by our passion for the shooting sports and the great outdoors. Below are a few important items I wanted to share with you.

* Bill C-71

Please help fight Bill C-71 by; sending a letter to Minister Goodale, the Prime Minister and your Member of Parliament; organize an advocacy campaign; ask friends and fellow sports shooters/hunters that share your concerns to send letters; and call your local Member of Parliament's (MP) constituency office and ask to meet with him/her on this issue.

* Access

Great news! The Timberwest amendment to permit BCWF direct members access to their property has been executed! Please consult the VFGPA web site to familiarize yourself with the agreement details. Keyholders are responsible for compliance. [Http://vfgpa.org/access](http://vfgpa.org/access)

* Membership Purchase On-Line

More great news! People can now purchase memberships on-line! Proof of purchase is shown to the Caretaker who will provide the membership card. In the future, folks will be able to register on-line for courses and events. Stay tuned!

By meeting the challenges and seizing the opportunities as a unified, inclusive and influential force I am confident that we will experience many more successes in the future.

You may be thinking "How can I help?" Well, that depends. Everyone should start by writing a letter to your Member of Parliament about Bill C-71. Do you enjoy talking to people? The club is always looking for presenters for orientation sessions, and more RSOs. Are you handy? Want to help remove Scotch Broom in June? Can you make a financial contribution, or leave a legacy? Like working with kids? Want to host media or politicians for a day at the range to help educate others? As a volunteer-run not-for-profit, we welcome all members, young and old, to contribute what they can to the club.

Thank you to all of our hard working members (you know who you are) who volunteer to help put on events, sit on the board, do repairs and improvements, promote our activities, and advocate for the security of our sport, reach out to politicians and media, create partnerships, and all the various ways you help.

I'm happy to be serving as your president, and look forward to the year to come. J

Sincerely,
Lisa Nichols

Executive for
2018-2019**

HOUSE KEEPING

Hello Members, a few house keeping items:

ALL NEW MEMBERS MUST TAKE THE ORIENTATION COURSE BEFORE THEY ARE ALLOWED TO USE THE CLUBS RANGES.

EVERYONE NEEDS TO SIGN IN WHEN AT THE RANGE!!

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable**. Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves. Extra buckets have been put at each range, these are not garbage buckets they are to be used for Brass Cartridges (recycle) on the R/P and M/P Range, shotgun shells on the S/G Range. All garbage (paper, plastic, cardboard) goes into the garbage cans.

Please print your Name/Member Number when you sign in, we **NEED** to be able to read what you **Write / Print**. **YOU MUST INITIAL THE ACKNOWLEDGEMENT THAT YOU KNOW THE RULES OF THE CLUB**

If **4:45pm** is Closing Time the last shot is **4:15pm**, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **4:45pm**. Range staff have already worked their 8 hours and would like to go home and see their families.

Closing Times for the Range Year 2018

CLOSING AND LAST SHOT

Main Gate times (1/2 hr after last shot)

April - August at 8pm

September 1-15th at 8pm

September 15-30th at 7:30pm

October 1-15th at 7pm

October 15-31st at 6:30pm

November 1-3 - last of Daylight Savings at 6pm

November 4-15th Standard Time at 4:45pm

November 15-30th at 4:30pm

December at 4:30pm

"Left the Range"

On March 24th, 2018

Lawrence (Larry) Cuthbert, 84, who was a long time member of several Victoria area clubs including both the Victoria Fish & Game and the Juan de Fuca gun club.

Larry enjoyed a long career in the Canadian Navy and travelled the world in the process. After his retirement from the Navy he worked as an electrician in the private sector specializing in the installation of traffic light relays up and down the entire length of Vancouver Island's highways.

Larry was a shooting and hunting enthusiast for his entire life and he was one of British Columbia's earliest certified Hunter Training Instructors (long before the program was known as CORE).

In his later years Larry had some health issues including a stroke that cost him his sight in one eye, but that didn't ever stop him from enjoying the shooting sports! He continued to target shoot with a variety of different calibre handguns until just before he passed. Larry was a true gentleman, a very good friend to many, and he will be sorely missed by all that knew him.

By Al Page

For Immediate Release: March 27, 2018 [CLICK HERE TO VIEW THE CAMPAIGN](#)

Surrey, B.C.: The federal government has decided to rush new Gun Control legislation through without full discussion and debate. Members of Parliament went to a Second Reading of Bill C-71 on March 27, 2018. A “Notice of Closure” on Bill C-71 has been posted, but recognized firearms groups in Canada have not been consulted on the changes.

The BC Wildlife Federation represents more than 40,000 British Columbians and a hundred plus sport shooting clubs and fish and game protective associations. Together, we provide training and safe use of firearms and Conservation and Outdoor Recreation Education (CORE).

Bill C-71 is missing the mark in attempting to reduce crime and make Canadians safer. Canada has one of the strictest firearm regimes in the world, but it can’t stop shootings by drug gangs. Even at the peak of the longgun registry in 2012, Statistics Canada found that less than 5 per cent of firearms used in homicide had ever been registered. This tiny percentage means that firearms diverted from law-abiding owners cannot be the source of guns used in many violent crimes.

Only two per cent of accused murderers had ever had a Possession and Acquisition Licence (PAL). It makes no sense to target law-abiding firearms owners with this legislation; therefore, the BC Wildlife Federation requests that bill C-71 must be subject to full debate or be rescinded immediately.

The BCWF has numerous questions about the methodology and science behind the proposed legislation, and expects the opportunity to provide recommendations before this Bill is pushed through. The federation is asking our members to call, write and meet with their MPs across the province on this issue. The BCWF Firearms Committee Chair Gary Mauser, and BCWF Recreational Shooting Sports Committee Chair Vic Skaarup have launched a campaign to make sure that any new firearms legislation does not harm responsible hunters and sports shooters.

The government should be working with organizations like ours to support hunter training and firearms safety among young people and new Canadians. Public safety is not being served by Bill C-71 and we cannot support it in its present form.

For more information Read the BCWF Backgrounder on Bill C-71

Letter on next page for template for sending out.

March xx, 2018

The Honourable Ralph Goodale,
Minister of Public Safety
House of Commons
Ottawa, ON K1A 0A6

Dear Minister Goodale,

Re: Withdrawal of Bill C-71

I am writing to you today to request that you withdraw Bill C-71.

Bill C-71 is a blatant attack on law abiding Canadian gun owners, and will do nothing to reduce crime and make Canadians safer. If anything, it will make otherwise law abiding Canadians instant criminals as a result of arbitrary and capricious decisions by the RCMP.

Instead of wasting resources developing additional regulations to inflict on law abiding Canadians, I respectfully suggest you take concrete and meaningful actions to prevent the illegal importation of drugs and guns into Canada, and the deportation of convicted criminals and terrorists out of Canada.

In closing, I urge you not to proceed with legislation that punishes Canada's law abiding firearms owners and does nothing to improve public safety.

Thank you for your consideration in this matter.

Respectfully,

Archery director needed, contact Douglas Bell at 250 727 9735 to find out the details

Sat Apr 28th 3D set up

All ranges are closed until completion of the 3D shoot on the 29th

Lots of help needed. Come learn how to set up a shoot

Sun Apr 29th 3D Shoot

Come out and have fun. \$20, 2 rounds, Lunch by Mrs Tube Steak be ready by 0900, arrows fly at 0930.

Helpers needed to help get things rolling (parking, direct people, sell raffle tickets) and tear down on when done

Archery News

Looking for a 2018 Archery Director

- Current director will be stepping down at the end of March 18 but will not disappear – he will be around to help and enable a smooth transition
- Grand daughter is taking a bigger piece of time now
- This is an opportunity for someone to take the range to the next level with their vision for what it could be

Questions to Douglas at **250-727-9735** or **douglas.bell@snclavalinom.com**

PAY ATTENTION LYMAN OWNERS AND FRIENDS OF SAME!!!

Check your Lyman 50 cal. Safety Warning:

Lyman has determined that some black powder rifles and pistols could, under certain circumstances, develop separation in the breech plug, which may pose a potential safety hazard. Please do not load or use any rifles or pistols subject to this recall.

How to Identify Rifles and Pistols Subject to the Recall:

Find the serial number where the barrel meets the tang, opposite of the lock. The serial number has the letter “A” followed by a series of 6 numbers.

Action to be Taken:

If the serial number is within the range of A595960–A599026, immediately discontinue any use of this product. Please contact the Lyman Customer Service Department by emailing customerservice@lymanproducts.com or by calling **800-225-9626** Monday through Friday, 9 a.m. to 4:15 p.m. EST. You will be asked to provide your contact information, serial number, and either the part number or model to process the return.

Anyone outside the U.S.A. who is in possession of a black powder rifle or pistol within the recall range should contact your local distributor immediately.

IMPORTANT MESSAGE ABOUT VOLUNTEERING

Victor Skaarup is the Volunteer Coordinator. Anyone who is able and willing to help out can contact him at (250) 380-4858 or by email at vicandmaggie@telus.net

"New to our Range: Holster Training Course"

You must be 'Holster Trained' and have a Holster Training qualification Card to use a Handgun Holster on our ranges.

Holster Training Courses (a 2 hour short course 10-12pm) will be held at the club on:

**April 22nd, May 14th, June 10th, July 9th,
August 5th, Sept. 17th, October 14th, November 12th.**

For Details, costs, & pre-registration, call at the Club Office 250-858-8342

VICTORIA WOMEN SHOOTERS

Rifle training for the Victoria Women Shooters was held on March 17th. It was a small crowd, with only 4 participants, but the benefit to them was that they had a large supply of rifles to try and more than ample opportunity to try them all. A huge thank you to Doug Linton for providing instruction to the participants, and to Al Page for providing a variety of rifles.

Trap training for the Victoria Women Shooters is scheduled for April 28th starting at 9:00 a.m.

Island Outfitters will be hosting an evening for the Victoria Women Shooters on April 26th starting at 6:00 p.m. Limited space is available.

If you interested in attending either of these events, or any future events, please send an email to womenshooters@gmail.com to be added to the mailing list. Event registration details are emailed approximately one week before the scheduled event.

By Lori

SIAS Report

We hosted the first Independent Shooters League (ISL) match of the season on March 18th. ISL shooters from all over the Island were eager to come out and shake off the rust which resulted in 67 people coming out to compete. We split into a work/shoot schedule which saw 7 squads of approximately 5 people work a Stage in the morning and shoot in the afternoon or vice versa.

The first Junior Action Shooters course of the year was held on March 23rd with Jim Sprang and Doug Bancroft instructing. They had 4 students in attendance, 2 new and 2 returning who chose to come out and further practice their skills and help encourage the new shooters.

Doug Bancroft also hosted a Juniors Skills and Drills session on March 28th.

Our next SIAS match is April 15th, spectators welcome. The next SIAS Range Safety Course is scheduled for April 28th.

Victoria Fish & Game Protective Association

Main Clubhouse, 700 Holker Place, Malahat, BC

GUN

SHOW

**Hunting Gear & Sporting Goods

Fired Range Brass Program reminder!

Just another reminder to our members to PLEASE only put fired pistol and rifle cartridge cases (brass or steel) into the plastic range brass buckets that are provided on the firing line. Please use the provided garbage cans on our ranges to dispose of your garbage and ONLY put your fired rifle and pistol cartridge cases in the buckets provided for range brass. If you could please do that it would definitely help to make our job a lot easier and a lot less disgusting. It is a nasty, time consuming job to separate and sort all of the garbage out of the brass buckets first. (Including the chicken bones and tinned lunch leftovers that I just cleaned out of the MP buckets today. Come on people, the garbage can is located only mere FEET away from the brass buckets!)

The volume of saleable, reloadable brass is down noticeably over the past year or so and I'd just like to remind our members that while we pretty much consider any brass that is still lying on the ground or on the concrete to be "fair game", fired brass which has been placed into the club's range buckets are then considered to be the property of the club. It appears that there are shooters who are "raiding" the range buckets and taking fired brass. All of the funds that are generated from brass sales, including scrap brass, goes directly to the club and helps to pay for repairs, upkeep, and improvements on the range property. If you take brass from the range buckets you are essentially denying revenue to the club which is used to your benefit. We'd ask that you please respect our "once the brass is in the bucket it stays in the bucket" policy for the benefit of all of our members.

Just a reminder too that the brass we sell through the club's brass recover program is sold "as received" in the range buckets and you will need to tumble it to clean it before you reload it. Some of it is once fired from factory ammunition, and some of it may have been reloaded several times. We have absolutely no control over that and it is up to you to clean it and then inspect it before you reload it. You get it just as we receive it and do not guarantee it to be only once fired.

Having said that, many thanks again to the club members who have donated their surplus, reloadable brass to our club's brass recovery program lately. Also my very sincere thanks again to club members Art Archer and Mike Lesperance who have been doing most of the brass pickup and brass sorting work for the past several months while I've been busy dealing with some ongoing health issues. It is VERY much appreciated.

By Al Page

Conservation and Outdoor Recreation Education (CORE)
Sunday April 29th and June 10th, 2018

The Victoria Fish and Game Protective Association will be holding a CORE Course on Sunday 29 April; and another on Sunday 10 June), in the Clubhouse, 9 am to 5 pm.

To attend, a student **must** have a firearms Possession and Acquisition License (PAL)

At the end of Sunday, all students should have the documents they need to apply to the BCWF for their CORE certificate

Course Fee:

The CORE course fee is \$100 (cash), payable at the door.

Course size will be limited to 20 students.

About the instructor:

B.C. Hunter Training/CORE instructor/examiner, since 1981.

Canadian Firearms/Restricted Firearms instructor/examiner, since the program's inception (instructor certification card # 0007)

Active hunter since 1967 with bow, shotgun, and rifle, multiply successful for: deer (both), bear, moose, sheep (both), bison, predators, waterfowl, and upland birds

B.Ed, UVic, 1981

Current membership in B.C. College of Teachers, and a continuing member in good standing from that college's first day.

Teacher in rural schools, 1981-1997, outdoor education, and biology.

Commercial/coastal float pilot since 1990.

Industrial ambulance/medic, since 1997.

Nurse (emerg, med/surg, O.R., rehab) 2001-2013.

To attend, you must register in advance. To register, please send an email to myself at vicepresident2@vfgpa.org

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses.

Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well.

Very easy to do, training provided, just send me an e-mail

davidmichaud333@gmail.com

Interested in shooting Action Pistol/IPSC style matches at Club level with the **South Island Action Shooters?**

First of all you must be holster certified or complete the VFGPA Holster training \$20 - 3 hour class. Register at the office

If you are new to handguns we also require you to complete the VFGPA Handgun Essentials Course which focuses on basics such as stance, grip, sight picture and trigger control
\$20 - 3 hour class. Register at the office

Action Pistol or IPSC shooting requires you to move through a course of fire while engaging paper, steel and moving targets, safety is paramount

To come out and shoot a SIAS Club match you must complete the **SIAS Range Safety Course**

This short 3 to 4 hour course will teach you:

- Introduction to action shooting
- Types of targets and scoring
- How to safely conduct yourself during a match
- Safety and the role of a the range officer
- Range officer commands
- Muzzle control and reloading
- Gun draw from a holster
- Moving, shooting and reloading
- Safely clearing jams and handling malfunctions

Courses run from 11am to 3pm and are \$20, sign up at the office

Course Dates for 2018:

April 28 Jun 10 Jun 30 Aug 19 Sep 16

You will need your firearm, a belt, holster, 4 to 5 mag pouches, 4 to 5 magazines, 100 rounds of ammunition, eye and ear protection and clothing appropriate for the weather

For more information email: actionshooters@vfgpa.org

CALLING ALL COWGIRLS AND COWBOYS

	<p>VICTORIA FRONTIER SHOOTISTS</p> <p>Nimrod 2018 Introduction to New Shooters of Cowboy Action Shooting</p> <p>Saturday June 23rd, 2018</p> <p>8:00 a.m. to 12:30 p.m.</p>	
---	---	---

The Victoria Frontier Shootists are offering our annual introductory course for cowboys and cowgirls for ages 10 and up, (children age 18 and under must be accompanied by an adult shooter).

This course is designed for those shooters who have expressed a keen interest in learning cowboy action shooting. Preference will be given to VFGPA members, and to those who have observed/assisted at a Cowboy Shooting event (such as our monthly match on the second Sunday of the month) and have not yet attended Nimrod. PAL and successful completion of VFGPA Hand Gun Essentials Course recommended.

After an extensive safety meeting, participants will shoot 4 complete stages under the instruction and mentorship of experienced cowboy action shooters.

Ammo count: 40 rifle, 40 pistol, 16 plus shotgun

Set up: 8 a.m., **Mandatory Safety Meeting:** 8:30, **Shooting:** 9:00 a.m. to 12:30 p.m.

Cost: \$5 for VFGPA members using their own cowboy guns/equipment/ammo
\$40 for VFGPA members (equipment and ammo provided)
\$50 for non-members (equipment and ammo provided)

Please bring your own eye and ear protection, snacks and beverages.

Space limited to 10 shooters so register early. This popular event fills up fast!

Pre-registration by mail required by June 15th or in person at the VFGPA Discovery Day Cowboy Action Booth on June 17th.

Registration Form Available from Al Wilson at haweater.hal@gmail.com

Ashley Harrison, Director Cowboy Action Shooting, at ash_man@shaw.ca 250 744-4705 regarding attending the monthly cowboy shoots.

**BULLSEYE SHOOTING AT VFGPA? 2018**

VFGPA Weekly Bullseye Competition Shooting recently opened the 2018 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 5.5-inch and 8-inch bullseye targets, one-handed at 25 yards.

Don and David have assigned MP Range 8 for us each Wednesday. Early in the season we have 5 regular participants and feel we can accommodate another 3 or 4 shooters.

If Bullseye/Precision Competitive Shooting is of interest to you Please contact Gary Byrne at (250)634-8215. He can share additional details and answer any questions you may have.

IMPORTANT NOTICE TO ALL MEMBERS

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the

course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

**IMPORTANT MESSAGE**

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

To Members that are into fishing: My name is Kevin, and I am just newer to the island, and would love to get out fishing for salmon and or halibut. I have some gear, but lack the boat and the experience. As a member of this club, would any members may be willing to take me out??? You can contact me at kearly@telus.net

for muzzle brakes, etc.

ADG Gunworks is licensed for working on your restricted and prohibited guns.

ADG Gunworks will drill, tap and install military surplus rifles; scopes are zeroed with milspec laser system.

- * Re-chambering; chamber-polishing; forcing-cone lengthening; choke-work; firing-pin work. We will also refinish an entire favorite firearm, metal & wood, with the recognition that such work requires variable hours of work.

MEMBERS LEARN TO USE THE TRAP MACHINES

The Executive is happy to announce the TRAP MACHINE ACCESS PROGRAM. This Course will allow you to sign out keys to access the token machines and our \$15,000 Trap Machines.

The Course is FREE to Members (ONLY). Successful completion OF THE COURSE gets your name on the "Authorized List" letting you sign out the keys and use the token box and Trap machine. (Tokens are available from the Manager/Caretaker for \$5.00 per round of 25 targets plus 1)

There will be a classroom portion as well as hands-on training. Course length is approx. 40 minutes. Check the Website calendar for specific dates."

Trap Access is Wednesdays at 6pm, & on Sat/Sun 1pm

Next Course dates:

APRIL	MAY	JUNE	JULY	AUGUST
April 4th	May 2nd	June 6th	July 4th	Aug. 1st
April 14th	May 12th	June 20th	July 8th	Aug. 15th
April 15th	May 16th	June 23rd	July 18th	Aug. 25th
April 18th	May 20th	June 24th	July 28th	Aug. 26th

If you have questions about the Program please ask the Manager, David, Trap Director, Andre, or Relief Caretakers Neil, Art, Lisa, Andrew, or Bob.

Reminder - Day Pass Fees for Non-Members

Anyone who attends the range with a member needs to purchase a **\$20 Guest pass**. If a non-member is a current member with the BCWF, or an affiliated club (valid cards **must** be shown) they are eligible for a **\$20 Special day pass**. All non-club membership holders and are not attending with a member pay the **\$50 Day Pass**.

All range rules must be strictly followed. Non-Members must sign in with their Day-Pass number and keep and display the yellow copy of the day pass while using the range facilities. **Only one \$50.00 Day Pass can be used as a credit towards a membership purchased within 30 days and must be surrendered at time of purchase.**

Salt Spring Island Rod and Gun Club

We continue to support our friends over on Salt Spring Island and they face challenging times. Please show your support by purchasing a membership at SSiRG or visiting their range.

Official Range Plan

If you have any suggestions for major capital improvements to the range, please submit your ideas to info@vfgpa.org

SKEET AND 5- STAND NOTICE

Skeet practice is held on Tuesdays with shooting starting at 10am and now on some Sunday afternoons. For the Sunday practices please check our club website calendar. Skeet is \$5.00 per round of 25 targets.

5-stand or sporting clays are held once a month and the dates and times are posted on our club website calendar. 5-stand is \$6.00 per round of 25 targets and Sporting Clays is \$30. per round of 100 targets.

For inquiries, call Paul at (250) 710-5303 paulhagel@hotmail.com

Just a short note. Sheet Sunday shot is starting to bring in some new shooters and we are working on improvement on ours 5 stand setups to challenge the Master class shooters. But also keeping in mind the un experienced shooter.

FOR ANY NEW MEMBERS, FOR THE TURN AROUND COMING OUT OF THE RANGE, IT IS 1.6 KILOMETRES DOWN THE HIGHWAY, JUST FOR YOUR INFORMATION.

2018 CORE Hunting Safety Course Schedule

Instructors:

Robin Pike M.Sc., P.Ag., Certified CORE Examiner.

Murray Kilshaw, Certified CORE Examiner, Certified CFSC instructor.

2018 Schedule:

Jan 20/21	Apr 21/22	Jul 21/22	Oct 13/14
Feb 17/18	May 12/13	Aug 18/19	Nov - Off Hunting!!
Mar 17/18	Jun 16/17	Sept 15/16	Dec 8/9

Location: Courses are held Saturday/Sundays from 8:20 to 4:30 p.m. Classes are hosted in the Westshore.

Course Content:

SATURDAY	SUNDAY
Principles of Conservation	Outdoor Safety and Survival
Hunting Ethics	First Aid
Hunting Laws and Regulations	BC Game Animal Identification
Firearm Safety	BC GAME Birds Identification
Practical Firearms Examinations	Written Exam

Additional Instruction:

Use and knowledge of the BC Hunting Synopsis (~ 2 hours in our course)	Wilderness emergency communication
Field dressing, Skinning and Butchering overview	How to approach a car accident
Knife selection	How to make free topographic maps
How to make your game meat taste it's best	Dominate Eye identification
Bullet selection for hunting	Successful hunting strategies
Water wading safety	Archery and bow information

Is the CORE manual necessary?

In our opinion, Yes. The CORE manual is an excellent reference resource for students well beyond completing your CORE training.

Contact:

Robin Pike	250-812-4316	Robin.G.Pike@gmail.com
Murray Kilshaw	250-382-1029	Coreexaminer@shaw.ca

SAFETY REMINDERS--PLEASE READ

FIREARMS--CASES--BENCHES

- * Firearms are to be cased and uncased ONLY during Live Periods and preferably only at the Firing line (forward wooden benches) Actions open, Magazines removed (empty cases can be returned to rear gear tables)
- * Firearms are to be Loaded and Unloaded ONLY on the Firing Line (forward wooden shooting Benches)
- * Muzzles are always to be pointed down range or upwards.
(magazine may be filled or emptied at the rear gear benches and tables).

“CEASE FIRE” ROUTINE/PROCEDURES:

- * Remove ammunition from the Chamber. Remove magazines from the action
- * Leave actions visibly open-(a chamber flag helps visibility!)
- Then- **Your Choice:**
- * Leave firearm(muzzle pointed down range, magazine removed, action open) on FIRING LINE bench.

Or

- * Carry firearm muzzle up and place in rear wall rack- magazine removed action open.
- * Remember to take needed targets, tape, stapler, beverage, etc. with you when leaving the shooting bench area for the Cease Fire Period. (An RSO can retrieve forgotten items.)
- * During a Cease Fire DO NOT go within 3 metres of the firearms on the bench or handle firearms on the racks(Remember your P.A.L. Course). Do not touch anything on your shooting table. (An RSO can retrieve forgotten items).
- * During a Cease Fire the divided concrete slab area around the shooting benches is to be used to walk through only on the way to your target and back. Please remain off the shooting table area concrete during cease fire periods.

Safety Tip

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

David Michaud, CRSO

Your Cooperation is appreciated! Your Safety is our only concern!

Thank-you
Your RSO Volunteers

**AMALGAMATED CONSERVATION SOCIETY
1101 MUNRO STREET, VICTORIA, B.C., V9A 5P2**

March 08, 2018.

Ashley Dobko,
Salmon Project Officer,
Fisheries & Oceans Canada,
200-401 Burrard Street,
Vancouver, B.C.,
V6C 3S4

Dear Sir:

The Amalgamated Conservation Society had its beginnings in 1954 and was officially registered under the current name in 1963. The ACS was largely responsible for the formation of the Sport Fishing Advisory Board in 1964. Our members form the main component of the local Victoria Sport Fishing Advisory Committee. The Society has been active in salmon enhancement since the early 1970's with fry feeding and the use of gravel upwelling incubation boxes. We started the use of marine enclosures for the short term rearing of Chinook fry in Saanich Inlet starting in 1989. The Howard English Goldstream Hatchery is operated by one of our member clubs. We have been active in numerous issues affecting the management of our recreational fishery.

Membership currently consists of ten member organizations as follows:

- Clover Point Anglers' Association
- Esquimalt Anglers' Association
- Goldstream Volunteer Salmonid Enhancement Association
- Haig-Brown Flyfishing Association
- James Bay Anglers' Association
- Royal Canadian Navy Anglers' Association
- Sidney Anglers' Association
- Victoria Fish & Game Protective Association
- Victoria Golden Rods & Reels
- Westcoast Flyfishers Association

The directors of the Society have met and examined the discussion paper '*Proposed*

2018 Salmon Fishery Management Measures to Support Chinook Salmon Prey Availability for Southern Resident Killer Whales' issued February 15, 2018.

The ACS supports the position being recommended by the Victoria Sport Fishing Advisory Committee for Juan de Fuca (Area 20) and North Pender/Saturna Islands (area 18). The Victoria SFAC held three public meetings to discuss the document as follows:

February 26 in Sidney, February 28 in Esquimalt and March 06 in Sooke. As a result of these meetings, adjustments were made to the closed areas proposed in the discussion paper. Local anglers recommended that all three of these closure proposals be only closed to salmon fishing and that they remain open to bottom fishing for the likes of rockfish, lingcod and halibut.

These closures are recommended for a one year trial basis only with a review prior to the 2019 IFMP draft.

The ACS also supports the voluntary "bubble zone" around the Southern Resident Killer Whales (SRKW). This would involve anglers adjusting their fishing when whales were in the area by turning off their sounders, bringing in their gear and slowly moving away from the approaching whales.

We also feel strongly that other measures need to be incorporated into the SRKW recovery plan strategy, as follows:

tinues next page

1. A Harbour seal and California sea lion predator control program needs to be implemented immediately throughout the South Coast. Recent studies have shown that these pinnipeds are consuming unacceptably large amounts of Chinook smolts and juveniles during their first ocean year. Additionally, anglers are losing thousands of salmon annually due largely to Harbour seals taking salmon from their lines.
2. Hatchery enhancement of Chinook salmon needs to be greatly increased starting immediately. The Fraser River needs particular attention as the depressed state of these Chinook stocks is the greatest threat to the SRKW. In fact, it is likely the primary reason that the SRKW population now numbers only 76 individuals.
3. Many more Chinook net pen rearing projects should be instituted to greatly increase the survival rate of the fry to juvenile stage. These can be strategically placed throughout the SRKW core feeding areas. The adult Chinooks will return to these sites and will be available to the whales.
4. The commercial harvest of herring, other bait fish and krill, should be banned. If Chinook production is to be greatly increased, then these additional fish need adequate food to survive. The average size of mature Chinook has been statistically decreasing over the last couple decades. Perhaps this is in part being caused by insufficient quality feed.

Yours truly,

Wayne Zaccarelli,
Secretary-Treasurer,
Amalgamated Conservation Society

NEW VANCOUVER ISLAND DEER BOOK

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

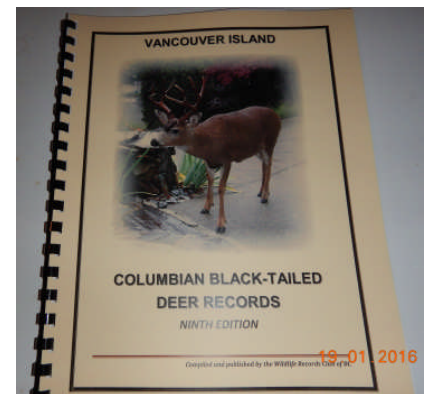

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

KILLER WHALES CAUSE SMALLER CHINOOK SIZE

There has been much discussion of late concerning the shortage of large Chinook salmon as a food source for Southern Resident Killer Whales (SRKW). It now appears that the killer whales themselves may be responsible for the decreased size at age of Chinook.

The authors of a recent scientific paper published in the journal *Fish and Fisheries* set out to determine the cause of both declining age at maturity and declining size at age of Chinook salmon.

The study involved 85 separate Chinook stocks or populations, both hatchery and wild, from Alaska to northern California, totalling 1.5 million individual measurements. They found that hatcheries were not responsible for either smaller or younger fish at maturity.

While hatchery Chinook were larger than their wild counterparts at age 1 and 2, wild fish were about equal in size by ages 3 and 4.

They found that fisheries selection was also not responsible for the smaller size as the same trends were observed where low exploitation rates occurred.

While many factors come into play in determining size and age structures in any population, the authors concluded that the likely cause is size selection of prey (ie. large Chinook) by resident killer whales. Declines in age and size were most pronounced in northern populations where resident killer whales were more numerous and increasing, but were common coastwide.

Continues next page

Fishing and Hunting Awards were handed out by Wayne Zacallerri:

Fishing - Largest Chinook	Rebecca McCool	26 lb
Largest Trout	Tom Vaida	2 lb 3 oz
Largest Halibut	Doug Bancroft	32 lb
Junior Angler of Year	Megan McCool	19 lb Chinook
Largest Coho	<i>no entries</i>	

Hunting -

Largest Blacktail Deer	Colton Walmsley	114 lb
Largest Blacktail by Jr.	Colton Walmsley	114 lb
Largest Blacktail Antlers	<i>no entries</i>	
Largest Black Bear	<i>no entries</i>	
Largest Blacktail by Muzzleloader	<i>no entries</i>	
Largest Blacktail by Bow & Arrow	<i>no entries</i>	

The authors noted that Chinook predation by marine mammals (ie. seals, sea lions and killer whales) has increased three fold since the mid 1970's. Resident killer whales in the northeast Pacific number greater than 2300. Ninety percent of their diet is Chinook salmon age 4 to 6. These are large fish of close to 20 pounds to over 50 pounds. Killer whales consumed 10,000 metric tonnes (22,000,000 lb.) of Chinook in 2015 which represents over 2,000,000 adult salmon.

The SRKW may be eating themselves out of a food source which could lead to their demise, but this may not be a bad thing if you are a Chinook salmon.
Wayne Zaccarelli

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia."

"The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province.

"Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

Copies of previous editions are available at the prices noted below (postage extra):

1 st edition (1970 - reprinted 2011)	\$20
2 nd edition (1983)	\$25
3 rd edition (1988)	\$15
4 th edition (1995)	\$20
5 th edition (2003)	not available
6 th edition (2010)	\$30
7 th edition (2017)	\$35

SALISH SEA MARINE SURVIVAL PROJECT

I attended a Pacific Salmon Foundation (PSF) community meeting on March 10 at the Victoria Conference Centre. The meeting was held prior to the annual PSF dinner and fundraiser that evening. Volunteer groups and organizations made short presentations on their various projects. Dr. Brian Riddell, CEO of the Foundation, gave an interesting talk on the *Salish Sea Marine Survival Project*.

This project was eight years in the design phase and has just concluded three years of field study. The project arose out of the rapid decline in catches of Chinook, Coho and Steelhead within Georgia Strait in the early 1990's. Current catches are only about one tenth of the previous peak catches. Why? What can we do to reverse this decline?

The \$10,000,000 project in Georgia Strait is now in the analysis and modelling stage. A similar project is being conducted by Washington State within Puget Sound. Over 80 scientists were involved in 40 different projects and over 11,000 samples were collected.

Some preliminary results were discussed. Initial estimates indicate that harbour seals are

consuming up to 40% of juvenile Chinook and 47% of Coho in Georgia Strait. PIT tags (Passive Integrated Tags) are being used to monitor migration and mortality of juvenile Chinook. Seals have been equipped with units which record and transmit a signal each time a Chinook smolt with a PIT tag is consumed. Results from the Big Qualicum Hatchery confirmed the high Chinook mortality due to seal predation.

Tagged Cowichan Hatchery Chinook smolts had a lower survival rate when flows were low. They theorized that the juvenile salmon were more vulnerable to predators when the flows were low. They also found hundreds of PIT tags near a Heron rookery. Predation by certain bird species can be significant at times.

Happy Shooting Everyone!

FOR SALE: a CZ 75 SP-01 Shadow, with 6 mags, and competition pancake holster, with 2 double mag holders and heavy belt, all with stamped basket weave, from the Laroche Leather Co. of Canada

<http://www.larocheleathers.com/>

I am the original owner of all this stuff, so the original tiny box and papers and test target, spare hammer spring, and the other stuff included. i also have a spare slide release lever from the CZ 75B model as i found the original slide catch of the shadow to be too long and my thumb kept grazing it- so there is some opportunity to find the right fit for you

this outfit was used for three seasons of silhouette style competitions asking \$1149.00 for the entire package

no trades accepted

have lots of reloading supplies too -can be discussed!

Any questions or additional photo requests just send a PM with an email address, will be happy to oblige

thanks for looking!

Curtis Strong

I have my blacksmith shop set up, and I am starting to take orders for iron work.

Do you need some throwing knives, tomahawks, a flint striker, fire irons, grills, lantern hooks, fire pokers, bottle openers etc...? I specialize in hand forged 18th and 19th century reproductions, and can make just about anything for your rendezvous camp, or Christmas presents. If you want things made soon and delivered, I will be at the turkey shoot in Victoria on the 26th and 27th and can bring things with me. Please check out my FB page Meška Ironworks to see some of my other stuff. **Contact me at: 604-719-4139 or blcksmithju@hotmail.com**
