HOUSE KEEPING

Hello Members, a few house keeping items:

ALL NEW MEMBERS MUST TAKE THE ORIENTATION COURSE BEFORE THEY ARE ALLOWED TO USE THE CLUBS RANGES.

EVERYONE NEEDS TO SIGN IN WHEN AT THE RANGE!!

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable**. Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves. Extra buckets have been put at each range, these are not garbage buckets they are to be used for Brass Cartridges (recycle) on the R/P and M/P Range, shotgun shells on the S/G Range. All garbage (paper, plastic, cardboard) goes into the garbage cans.

Please print your Name/Member Number when you sign in, we **NEED** to be able to read what you **Write / Print**. **YOU MUST INITIAL THE ACKNOWLEDGEMENT THAT YOU KNOW THE RULES OF THE CLUB**

If **4:45pm** is Closing Time the last shot is **4:15pm**, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **4:45pm**. Range staff have already worked their 8 hours and would like to go home and see their families.

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses.

Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well.

Very easy to do, training provided, just send me an e-mail

IMPORTANT MESSAGE

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

To all Members:

The reason we are using thousands of dollars of wood each year here at VFGPA on the Rifle Pistol Range..

Brand new 1X4 destroyed with 7 shots.

All targets on the Rifle Pistol Range must be placed below the orange lines. (bullets go through the open area between the 1X 4s on top and the bottom) NOT into the wood. 25 and 50 yds.

Airsoft News

July and August were busy months for Airsoft. We held 4 regular game days including a day on the large Archery 3D Range. Attendance ranged from 48 at the Canada Day long weekend event to 97 on the 3D Range. The deep woods game days on the Archery Range are always popular events. There were a few work parties over the summer. We continued to focus on cleaning up the fallen trees and branches as well as making improvements to the "forts". Approximately 40 long logs have been hauled out which the staff will cut and split for the firewood pile. We also continued to make improvements the admin shack to help things run more smoothly at the events. The SIAS Discipline sponsored an "Introduction to 3 Gun Shooting" event for the Airsoft Discipline. It was a very enjoyable day and we really want to thank Doug Bancroft and Spencer Shepard for giving up their Sunday to allow us to give "real steel" a try. Upcoming game days are Sept. 9, Sept. 23, Oct. 7, Oct. 21 (Hallowe'en Event), Nov. 4 and Nov. 18. We are also hosting an Airsoft Swap & Shop in the main club house on October 13th. We're looking forward to seeing you.

The Liberals are playing dishonest games with stats to crack down on legal gun owners

Opinion: While the Liberal party sees gun control as a possible 'wedge' issue, StatsCan simply has no evidence to support their claims

National Post

The Toronto and Fredericton shootings all but guarantee that gun control will become a key political issue in next year's federal election. With their momentum interrupted by their indecisiveness on the Trans Mountain pipeline, the Liberal party sees gun control as a possible "wedge" issue.

Officially known as An Act to Amend Certain Acts and Regulations in Relation to Firearms, Bill C-71 assumes that constricting the lawful sale and use of firearms will reduce criminal violence.

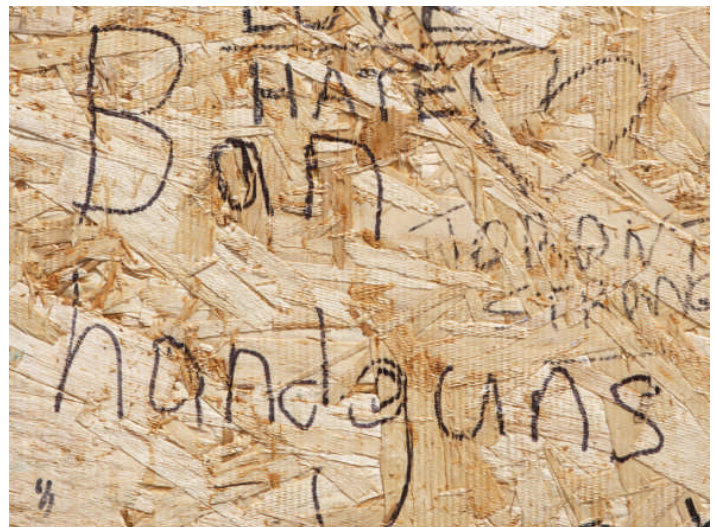

The draft legislation proposes new provisions that augment existing measures. These include: extending background checks to cover a buyer's life history (instead of just the past five years), reinstating the requirement for request permits to transport restricted firearms to gun shops or gun shows, and unleashing the RCMP to restrict or prohibit firearms. Firearm vendors must also retain sales information for 20 years, a move decried by some as a "backdoor gun registry."

A message written on a makeshift memorial remembering the victims of the July 22, 2018, mass shooting on Danforth Avenue in Toronto. *Mark Blinch/The Canadian Press*

According to Public Safety Minister Ralph Goodale, Bill C-71 is a response to substantial increases in gun violence since 2013. It is legislation driven and justified by the empirical evidence. Or so it would seem.

In actuality, the statistical basis for Bill C-71 is particularly weak. Its reliance on faulty assumptions regarding crime and firearms breaks with the government's promise of legislation tempered by "evidence-based decision making."

Minister Goodale's assertion that "gun homicides are up by two-thirds since 2013" should concern Canadians. After all, that's quite an increase. But why select 2013 as the baseline for comparison?

Continuing next page

2013 was a year of historical lows, a statistical outlier of sorts. According to Statistics Canada, 2013 had the lowest police-recorded crime rate since 1969. In fact, it had the lowest rate of criminal homicides in 50 years (1.45 per 100,000) as well as the lowest rate of fatal shootings ever recorded by Statistics Canada (0.38 per 100,000).

Patrick Deegan, a senior range officer, displays long guns at a gun store in Calgary in 2010.

By selecting a year of record lows, marginal increases in succeeding years are made to look like significant surges. This explains Minister Goodale's decision to use four years (2013 to 2016) of crime data instead of the standard five. Selecting 2012 as the point of comparison would weaken the perception that gun violence had increased precipitously.

In truth, gun homicides have not exploded. They have regressed to normal levels prior to 2013. In fact, Canada's crime rate has steadily declined since the 1990s.

In truth, gun homicides have not exploded. They have regressed to normal levels prior to 2013

What's more, Bill C-71 misunderstands the nature and frequency of violent crime. Most crimes in Canada are neither violent nor involve a firearm.

In 2016, violent crime made up 20 per cent of all Criminal Code offences. In fact, 78 per cent of violent crimes did not involve a weapon. When a weapon is used, either a knife or a blunt instrument is preferred. "Other weapons" account for 19 per cent of weapons-related offences. Only three per cent of violent crimes involved a firearm in 2016. This rate oscillated between 1.9 per cent and 2.3 per cent between 2009 and 2014. Since 1995, knife-related and firearm-related homicides have kept apace, perpetually trading places as the most common homicide method in Canada.

If we are adopting a public safety measure based on lives lost, why hasn't Bill C-71 targeted knives? After all, of the four years used in Minister Goodale's assessment, three (2013, 2014 and 2015) had more knife homicides than gun homicides.

Acting Insp. Steve Watts of the Toronto Police Drug Enforcement Squad shows off drugs and weapons confiscated in a recent operation dubbed Project Switch, on Aug. 2, 2018. *Jack Boland/Toronto Sun/Postmedia News*

Nevertheless, Bill C-71 fails to address the area where gun violence has actually risen over the past 20 years: gangs.

Gang violence has steadily risen since the 1990s, increasing from under 10 per cent of all homicides in 1999 to 24 per cent in 2016. Importantly, the 20-per-cent increase in homicides between 2013 and 2016 was driven by an astonishing 68-per-cent increase in gang-related homicides over that period. In 2016, 54 per cent of all firearm-related homicides were gang-related.

However, this rise in gang violence is concentrated in urban zones. From 2013 to 2016, gang-related homicides doubled in metropolitan areas. Though rates of firearm violence in urban and rural areas are comparable, a large proportion of violent crime occurs in rural First Nations Reserves. In fact, Minister Goodale suggested that new drug markets were driving gangs into Indigenous communities.

From 2013 to 2016, gang-related homicides doubled in metropolitan areas

Crucially, Bill C-71's focus on the legal means of firearm ownership disregards illegal channels. The firearms used by gangs are generally smuggled into Canada as part of the drug trade. Analyses of guns recovered from criminal activity in various Canadian cities show that over two-thirds were smuggled.

Continuing next page

This is not to suggest that illegal firearms cannot be acquired domestically. However, the claim that there has been an increase in straw purchasing where gang-affiliated people with clean criminal records get firearm licences to traffic guns is not supported by any statistics. In general, the claim that there has been an increase in illegal firearms obtained from “domestic sources” is not backed by Statistics Canada.

In general, the claim that there has been an increase in illegal firearms obtained from 'domestic sources' is not backed by Statistics Canada

However, there is a large pool of firearms in Canada with questionable legality. When firearm licensing was introduced in 2001, between one-third and one-half of then-law-abiding Canadian gun owners declined to apply for a licence. Though civilian gun owners ranged from 3.3 million to 4.5 million in 2001, fewer than 2 million licences were issued. Many gun owners remain outside the system.

Instead of calling for more laws, perhaps a better approach would be to enforce the current laws. We urge authorities to focus on the following areas: enhancing the treatment of mental illness; focusing directly on gangs and organized crime; and investing in Canada Border Services Agency to address the smuggling of drugs and firearms into Canada.

In sum, a more measured approach is required. Measures like Bill C-71 that focus exclusively on law-abiding Canadians are simply not effective crime-reduction strategies.

The Victoria Fish & Game Protective Society
100th Anniversary
Great Gavel Design Contest

Our gavel that our esteemed presidents have wielded to quell the unruly board members has worn out (and has no more room to engrave past presidents names on it) - So we need a new one...

This is a call to all the artists, designers, engineers, shooters, family members or people with a clever idea. It is open to all our members

But it will not be easy...

It must:

- Represent the Victoria Fish & Game Protective Society;
- Room to engrave 50 (or as many as you can) future past president's names;
- Work as a gavel; and
- Be buildable (bonus if you can build it).

There will be an award of a free membership and bragging rights to the winner

Submit your design 19 Nov 18 at the Members Meeting

The finished Gavel will be presented at our 100 year celebration

VICTORIA WOMEN SHOOTERS NOTICE

It has been an interesting year and a half or so for me in the position of Director for the Victoria Women Shooters, and a great learning experience as well. I have discovered a little bit of what goes on behind the scenes, and just how much passion the other members of the Board of Directors have for shooting (whether it be firearms or arrows), as well as how much time and energy they are willing to give to assist in running the range and make it a place where we all want to spend time. I am glad that I had the experience, but after a brief transition period, will be handing over the title and position to Tina Clark. Tina has some great ideas, and I am looking forward to seeing what she has in store for us. I want to thank everyone for your patience with me while I fumbled my way through my directorship, and I look forward to seeing you all at the range, meet and greets, and other future events.

**PAY ATTENTION LYMAN OWNERS AND FRIENDS OF SAME!!!**

Check your Lyman 50 cal. Safety Warning:

Lyman has determined that some black powder rifles and pistols could, under certain circumstances, develop separation in the breech plug, which may pose a potential safety hazard. Please do not load or use any rifles or pistols subject to this recall.

How to Identify Rifles and Pistols Subject to the Recall:

Find the serial number where the barrel meets the tang, opposite of the lock. The serial number has the letter "A" followed by a series of 6 numbers.

Action to be Taken:

If the serial number is within the range of A595960–A599026, immediately discontinue any use of this product. Please contact the Lyman Customer Service Department by emailing customerservice@lymanproducts.com or by calling 800-225-9626 Monday through Friday, 9 a.m. to 4:15 p.m. EST. You will be asked to provide your contact information, serial number, and either the part number or model to process the return.

Anyone outside the U.S.A. who is in possession of a black powder rifle or pistol within the recall range should contact your local distributor immediately.

BRASS PROGRAM

Just another reminder to our members to PLEASE only put fired pistol and rifle cartridge cases (brass or steel) into the plastic range brass buckets that are provided on the firing line. Please use the provided garbage cans on our ranges to dispose of your garbage and ONLY put your fired rifle and pistol cartridge cases in the buckets provided for range brass. If you could please do that it would definitely help to make our job a lot easier and a lot less disgusting. It is a nasty, time consuming job to separate and sort all of the garbage out of the brass buckets first. (Come on people, the garbage can is located only mere FEET away from the brass buckets!)

The volume of saleable, reloadable brass is down noticeably over the past year or so and I'd just like to remind our members once more that while we pretty much consider any brass that is still lying on the ground or on the concrete to be "fair game" if you'd like to pick it up for personal use, fired brass which has been placed into the club's plastic range buckets are then considered to be the property of the club. It appears that there are shooters who are "raiding" the range buckets and taking the club's fired brass. All of the funds that are generated from brass sales, including scrap brass, goes directly to the club and helps to pay for repairs, upkeep, and improvements on the range property. (And the recent purchase of the club's new rental chronograph.) If you take brass from the range buckets you are essentially denying revenue to the club which is used to your benefit. We'd ask that you please respect our "once the brass is in the bucket it stays in the bucket" policy for the benefit of all of our members.

Just a reminder too that the brass we sell through the club's brass recover program is sold "as received" in the range buckets and you will need to tumble it to clean it before you reload it. Some of it is once fired from factory ammunition, and some of it may have been reloaded several times. We have absolutely no control over that and it is up to you to clean it and then inspect it carefully before you reload it. You get it just as we receive it and we do NOT guarantee it to be only once fired.

Many thanks again to the club members who have donated their surplus, reloadable brass to our club's brass recovery program lately, and also my very sincere thanks again to club members Art Archer and Mike Lesperance who have been doing most of the brass pickup and brass sorting work for the past several months while I've been busy dealing with some ongoing health issues. It is VERY much appreciated.

Victoria Fish & Game Club Chronograph is now available for rental!

The club recently bought a basic Model F-1 Chrony which will be available for rental to our paid, card carrying club members. (We will not be renting the club chronograph to day pass users.) We will be charging a nominal fee of only \$10 for the use of the club's chronograph, which will be available to be signed out from the Caretaker's office. We will have a simple form to record the renting member's information and it will be the responsibility of the renter to return the chronograph to the office before they leave the range property. Since we suspect this will be a very popular club program I would suggest that you contact the office in advance to book your rental of the club Chrony by date, to ensure that someone else hasn't arranged to rent it on the same day. The Chrony mounts to a standard camera tripod and for the moment until the club purchases a tripod to keep at the office for use with the Chrony you will need to bring your own tripod.

Salt Spring Island Rod and Gun Club

We continue to support our friends over on Salt Spring Island and they face challenging times. Please show your support by purchasing a membership at SSiRG or visiting their range.

Official Range Plan

If you have any suggestions for major capital improvements to the range, please submit your ideas to info@vfgpa.org

Hello Members,

Just a reminder ALL targets MUST be placed below "the orange lines on the Rifle Pistol Range" this prevents the target holders from getting shot up.

If you see someone not doing this please mention it to them (nicely).

**Thanks for the help.

SIAS Report

SIAS held our August Club Match on August 26th, 53 people came out to shoot, our numbers continue to grow, along with the number of women and Junior shooters that are coming out to shoot with us.

This was the last Island match before the IPSCBC Provincial Championships, so a number of other Island shooters came down to get some "trigger time" in before they headed to Kamloops on the Labour Day weekend to compete.

We would like to take the opportunity to congratulate a number of SIAS/VFGPA members who made us Island Proud by bringing home hardware from Provincials:

Dom Piluso -Match winner in Revolver Division.
Oleg Matveenko Jr.- Match Winner in Standard Division.
Thomas Crocker-3rd in Classic Division,
Glen Smith-Top A Class in Open Division
Zach Jovellanos-Top A in Production Division
Chandu Claver -4th in C Class Production
Dave Metcalf-1st C in Revolver Division.

A number of Island Shooters and SIAS members were in the Top 10 in their Divisions in the Province for the year.

Standard Division: Oleg Matveenko Jr. 1st Oleg Matveenko Sr. 5th
Classic Division: Thomas Crocker 2nd Joe Strachan (CRGC) 4th
Open Division: Glen Smith 6th

Way to go guys, you make us proud!

Our season will soon be at a close, we have one last SIAS Range Safety Course scheduled for September 16th and then our Club Championship match on September 30th.

One last note, on behalf of the 3 gun component of SIAS I would like to thank Spencer Shepherd and Doug Bancroft for hosting an Introduction to 3 Gun for some of the members of the Airsoft group, it sounds like it was a resounding success!

**BULLSEYE SHOOTING AT VFGPA? 2018**

VFGPA Weekly Bullseye Competition Shooting recently opened the 2018 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 5.5-inch and 8-inch bullseye targets, one-handed at 25 yards.

Don and David have assigned MP Range 8 for us each Wednesday. Early in the season we have 5 regular participants and feel we can accommodate another 3 or 4 shooters.

If Bullseye/Precision Competitive Shooting is of interest to you Please contact Gary Byrne at (250)634-8215. He can share additional details and answer any questions you may have.

**Publisher's Note**

Deadline for each month is the Wednesday after the Executive meeting (the first Monday) of the month.
NEXT DEADLINE WILL BE ON WEDNESDAY, October 3rd, 2018. Note: Late submissions will be published in the month following. Send all pictures with the event name, date and the names of people in the photo.

Please send all submissions to:

**IMPORTANT NOTICE TO ALL MEMBERS**

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

SAFETY REMINDERS--PLEASE READ

FIREARMS--CASES--BENCHES

- * Firearms are to be cased and uncased ONLY during Live Periods and preferably only at the Firing line (forward wooden benches) Actions open, Magazines removed (empty cases can be returned to rear gear tables)
- * Firearms are to be Loaded and Unloaded ONLY on the Firing Line (forward wooden shooting Benches)
- * Muzzles are always to be pointed down range or upwards.
(magazine may be filled or emptied at the rear gear benches and tables).

“CEASE FIRE” ROUTINE/PROCEDURES:

- * Remove ammunition from the Chamber. Remove magazines from the action
- * Leave actions visibly open-(a chamber flag helps visibility!)
- Then- **Your Choice:**
- * Leave firearm(muzzle pointed down range, magazine removed, action open) on FIRING LINE bench.

Or

- * Carry firearm muzzle up and place in rear wall rack- magazine removed action open.
- * Remember to take needed targets, tape, stapler, beverage, etc. with you when leaving the shooting bench area for the Cease Fire Period. (An RSO can retrieve forgotten items.)
- * During a Cease Fire DO NOT go within 3 metres of the firearms on the bench or handle firearms on the racks(Remember your P.A.L. Course). Do not touch anything on your shooting table. (An RSO can retrieve forgotten items).
- * During a Cease Fire the divided concrete slab area around the shooting benches is to be used to walk through only on the way to your target and back. Please remain off the shooting table area concrete during cease fire periods.

Safety Tip

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

David Michaud, CRSO

Your Cooperation is appreciated! Your Safety is our only concern!

Thank-you
Your RSO Volunteers

**VICTORIA FISH & GAME ANNUAL BIG GAME COMPETITION**

Hunters are reminded that Blacktail deer taken in MU 1-1 through 1-13 by Victoria Fish & Game members are eligible for the five trophies available each year. Deer must be field dressed which means that the heart, liver and kidneys (edible portions) are the only internal organs which can be included when the animal is weighed. Deer must be weighed on Club scales by the caretaker or his designate.

The official weigher reserves the right to refuse weighing any deer which arrives in an unpresentable condition. Lungs must be removed and body cavity wiped dry with a rag or paper towels. Deer 160 pounds and over taken with a rifle and 140 pounds and over taken by bow and arrow must be witnessed by an executive member at time of weighing. Please contact the Club caretaker/manager or Wayne Zaccarelli to make arrangements. Hunters are reminded that access to club facilities is restricted to daylight hours with the gate locked progressively earlier through the hunting season. Please ensure that you confirm the time gates are locked and show up at least a half hour earlier.

Trophies available include:

McIlwaine Van & Storage (est. 1955) largest deer / rifle
Victoria Fish & Game (est. 1966) largest scoring antlers
Robinson's Sporting Goods (est. 1970) largest deer / bow & arrow
Bob Hollingworth Memorial (est. 1983) largest buck deer / junior member
Malahat Marauders (est. 1990) largest deer / muzzle loader

Gold, silver and bronze buttons are awarded in both rifle and bow & arrow

classes for deer in the following weight categories:

	RIFLE	BOW & ARROW
Gold	180 lb +	160 lb +
Silver	160 - 179 ½ lb	140 - 159 ½ lb
Bronze	140 - 159 ½ lb	120 - 139 ½ lb

In addition, the Victoria Fish & Game Bear trophy is awarded annually for the largest Black bear taken by a Club member. Boone & Crockett Club scoring is used to determine the largest entry. Boundaries are again MU 1-1 through 1-13.

TO ALL TRAP SHOOTERS

You can now shoot Trap at the same time as a Skeet
Practice is taking
place under some new strict conditions.
Please ask Staff to review the new conditions with you
when you stop
by the office to sign out Trap Keys.

TRAP PRACTISE EVERY SECOND WEDNESDAY

10-2pm

NEW VANCOUVER ISLAND DEER BOOK

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

BLACKTAIL DEER ENTRY:

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia."

"The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province.

"Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

Copies of previous editions are available at the prices noted below (postage extra):

1 st edition (1970 - reprinted 2011)	\$20
2 nd edition (1983)	\$25
3 rd edition (1988)	\$15
