Danger to Legal Firearms Ownership

Bill C-71 has passed through the House of Commons and is now in the Senate to be debated. Bill C-71 if passed by the Senate will come into force likely in December 2018 or early in 2019. The Government may begin reclassifying all firearms in early 2019 and possibly begin confiscations.

If the current Government is re-elected in the fall of 2019 major re-classifications and confiscations of legally owned firearms from licensed owners will escalate! They will begin with semi automatic rifles (this will probably include hunting rifles ..) then move on to semi automatic handguns.

The Government will re-classify these types of firearms then grandfather as a gesture, but will confiscate when they deem it timely. **BY THE END OF THEIR SECOND TERM, THERE MAY NO LONGER BE ANY SHOOTING SPORTS IN CANADA!** After this, they will begin to highly restrict regular Bolt-Action hunting rifles and shotguns!

We have already seen the Government support their current initiatives with a massive public relations campaign using fictitious & misleading statistics, supported by non-existent or incorrect data. We have also found that they have suppressed information regarding terrorist and criminal use of firearms just as the prelude to C-71 was being promoted.

The current Government, as well as some of the opposition parties, firmly believes the people of Canada should have no rights to their legally bought property. It appears that each would engineer a society that has characteristics of a police state.

While we are trying not to be partisan, the Conservative Party of Canada is the only political party that has stated "if the Conservatives form a Government in the fall of 2019 Bill C-71 will be repealed".

The immediate remedies are: write all the Senators regarding the negative effects of Bill C-71 on legal, licensed firearms owners. Join any and all firearms activist associations. 2.2million PAL holders are 12.5 percent of the eligible voters in Canada. We are a significant portion of the electorate.

This fight has the capability of being the last battle of legitimate, licensed firearms owners. If we lose, only criminals will have firearms. To paraphrase Colonel Jeff Cooper; "The media, and Government, insist that crime is the major concern of the public today. In this connection they generally push the point that a disarmed society would be a crime-free society. They will not accept the truth that if you take all the legal guns off the street, you still will have a crime with guns problem, whereas if you take the criminals off the street, you will not have a crime, or a gun problem. "

HOUSE KEEPING

Hello Members, a few house keeping items:

ALL NEW MEMBERS MUST TAKE THE ORIENTATION COURSE BEFORE THEY ARE ALLOWED TO USE THE CLUBS RANGES.

EVERYONE NEEDS TO SIGN IN WHEN AT THE RANGE!!

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable**. Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves. Extra buckets have been put at each range, these are not garbage buckets they are to be used for Brass Cartridges (recycle) on the R/P and M/P Range, shotgun shells on the S/G Range. All garbage (paper, plastic, cardboard) goes into the garbage cans.

Please print your Name/Member Number when you sign in, we **NEED** to be able to read what you **Write / Print**. **YOU MUST INITIAL THE ACKNOWLEDGEMENT THAT YOU KNOW THE RULES OF THE CLUB**

If **4:45pm** is Closing Time the last shot is **4:15pm**, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **4:45pm**. Range staff have already worked their 8 hours and would like to go home and see their families.

Closing Times for the Range Year 2018 **CLOSING AND LAST SHOT**

Main Gate times (1/2 hr after last shot)

November 4-15th Standard Time at 4:45pm

November 15-30th at 4:30pm

December at 4:30pm

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses.

Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well.

Very easy to do, training provided, just send me an e-mail

davidmichaud333@gmail.com

IMPORTANT MESSAGE

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

SAVE THE DATE!

OUR ANNUAL CHRISTMAS SOCIAL IS MONDAY, DECEMBER the 17th at 7PM
At the Strawberry Vale Hall at 11 High Street, off Burnside Road West.

Hope to see you there!

Feel free to bring a potluck, snack/goodies to share

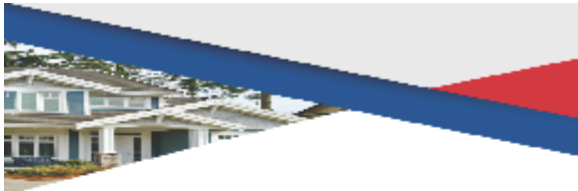

Canadian Tire in Langford has new hours for their pro shop and will process membership forms during the following hours:

Monday, Tuesday, Wednesday, Thursday - noon to 5pm

Friday - noon to 6pm

Saturday & Sunday - 9 am to 5pm

THE ASHTON ARMOUR MUSEUM

On 29 September the Ashton Armoury Museum donated 9 former army rifle tripods that were excess to the museum's needs, to the VF&GPA Range. In appreciation of the donation, the VFGPA Executive voted to donate \$100 to the Ashton Armoury Museum, recognizing the Museum's on going support to the history, customs and traditions of the four Canadian Armed Forces Units resident in the Ashton Armoury.

On 11 October, Paul MacNeill (2nd VP VFGPA) presented the cheque to Bart Dennis (Museum Director). Both Bart and Paul regularly perform RSO duties at the VFGPA Ranges.

The Vital Four ACTS of Firearm Safety

- Assume every firearm is loaded
- Control the muzzle direction at all times
- Trigger finger must be kept off the trigger and out of the trigger guard
- See that the firearm is unloaded

PROVE it safe.

- Point the firearm in the safest available direction
- Remove all ammunition
- Observe the chamber
- Verify the feeding path
- Examine the bore each time you pick up a firearm

Bunkhouse 2018 Gary K. Kangas

A gorgeous fall day greeted the shootists who assembled from all parts of Vancouver's Island to participate in the Cowboy Action Shooting event on October 14th. The competitors will be identified by their Single Action Shooting Society alias.

The match director was Montana May. Range Officer was Renegade Ron. Dixie Deb did a grand job of the scenarios for the stage copy. Lunch provided by Black Ashley, plus helpers Lanark Rose and Captain Will Turner. Scoring duties were admirably handled by Lanark Rose.

The competition was very spirited, however, it was an all around fun day. Many remarked on the camaraderie and spirit of the game.

Top Gun was Whistlin' Will leading the pack by over sixty seconds.

Timberwest Access Program

Our working relationship with Timberwest for hunting and fishing access continues to develop as the years roll by, and we are attracting new membership as a result. Installation of our equipment to bring the Kapoor gate online and the use of ATVs for hunting are in active discussions pending clearance by Timberwest legal counsel. We continue to support the BCWF by including BCWF direct members, and hope that by learning about our club through the access program they will join the family! Our strength is in numbers.

Recent communication with Timberwest indicates that the trust we have developed with our program has opened the door for the Cowichan Valley ATV club to make an application, and with each gate north that we can equip, we expand not only our hunting and fishing range, but through my work with the Outdoor Recreation Council, we open a door for every other club with an interest in the land.

The entry point for the registration process and documentation is online here: <http://vfgpa.org/access/>

Although only indirectly related to Timberwest as adjoining properties, I found a new gate installed over the summer on East Main that cuts off access to the Jordan River reservoirs, and have initiated an inquiry with the Ministry. It appears to be a BC Hydro gate, which is potentially a good thing for us, as Hydro has skin in the game with the development of our gate access control unit. Prior to the gate going in, I previously contacted Mike Hicks, the FLNRO staff in Alberni, and arranged a meeting between the BCWF exec. and John Horgan's constituency office staff with concerns that the road may be gated, which was apparently a waste of time and bandwidth as we were not consulted about the installation of the gate. It would have cost the exact same amount, and be a lot more robust to have installed it with our equipment. Mike Hicks has campaign signs all over the place, so now would be a good time to call him and ask why we should vote for him. 250-216-5802

The rampant illegal, and dangerously irresponsible use of firearms out there as a result of uncontrolled access is of direct concern to our club, given the current political and social assault on the legitimacy of firearm ownership. We want that road gated, so long as we have keys. The alternative is that it will be permanently deactivated, so for those pedantically "open-road" advocates with loud and poorly thought out opinions, choose your poison carefully. Open roads are the leading cause of closed roads.

Best regards,
Terrance Martin, Director, Access Chair

NOTICE TO MEMBERS: CANNABIS IS NOW LEGAL!

(... as if you might have missed that little detail in the new Canadian Society ...)

The new rules in Canada that now allow legal use of Cannabis have prompted your Board of Directors to update a couple of our Range Rules to ensure that 'common sense' will still be prevalent on our ranges.

The Property Use Policy; Under 'General'; has been updated to the following;

14. Absolutely no consumption of alcohol or cannabis on any shooting or archery range. Anyone that appears to be impaired, for any reason, while using the ranges, will be asked to leave the property.

Also, Under 'General Range Rules - Number 14; has been updated to the following;

Rule # 14 – The consumption of alcohol or cannabis is **NOT** permitted on an active range.

BRASS PROGRAM

I am looking for a club volunteer to take over the club's Range Brass Recovery program.

I have some ongoing health issues and it's just getting to be a bit too much wrk for me to keep up to these days. I took the brass recovery program over a few years ago to give our veteran club member Art Archer a bit of a break from it since he'd been spearheading our brass program for many years. Art has always been involved in MANY of our club's programs and chairmanships (and still is today!) so I'd rather not see Art take the brass program back over again since he has a large enough workload already. I would appreciate it very much if a new club volunteer would be willing to step up and take it over instead. Ideally it would best suit a retired member who would have the time to go up to the range about once a week to collect the buckets of fired range brass and then sort out the dirt and garbage from the recoverable brass and then sort the scrap brass (fired .22 hulls, berdan primed brass cases, and damaged / split / cracked cases) from the saleable rifle and pistol brass. (I often incorporate a shooting day with the brass pickup.) When enough scrap brass accumulates you would run it out to a local scrapyard and drop it off for sale. You would need to keep a running accounting of the reloadable brass sales and the scrap brass sales and then pass the funds on to our club Treasurer, usually on a monthly basis at our meetings.

I have a set of Dillon's plastic brass sorting trays which come with the job and they do help make the sorting much easier. Art and a few other members have been gracious enough to continue to help out with range brass pickup and some of the brass sorting chores and I'm sure that they would continue to do so when needed (when you are away for holidays, etc.), but we need a new volunteer to step up, take the lead, and become the new chairman for the program.

I'd be quite willing to "show you the ropes" and help out for a bit until you are comfortable with taking the program on completely. So, if you are willing to help support the club by taking over this program I'd be happy to hear from you. It is an important program and we have recovered thousands of dollars of club revenue which helps to pay for ongoing maintenance, repairs, and improvements to our various ranges. If you'd like to discuss this with me please phone 250-388-0705 or email me at lapage@telus.net. Ideally I'd like to see someone take over the brass program from me in early 2019 if possible. Many thanks, Al Page.

Victoria Fish & Game Club Chronograph is now available for rental!

The club recently bought a basic Model F-1 Chrony which will be available for rental to our paid, card carrying club members. (We will not be renting the club chronograph to day pass users.) We will be charging a nominal fee of only \$10 for the use of the club's chronograph, which will be available to be signed out from the Caretaker's office. We will have a simple form to record the renting member's information and it will be the responsibility of the renter to return the chronograph to the office before they leave the range property. Since we suspect this will be a very popular club program I would suggest that you contact the office in advance to book your rental of the club Chrony by date, to ensure that someone else hasn't arranged to rent it on the same day. The Chrony mounts to a standard camera tripod and for the moment until the club purchases a tripod to keep at the office for use with the Chrony you will need to bring your own tripod.

SMALL-BORE SILHOUETTE

After the summer hiatus, Small-bore Silhouette Rifle shooting resumed at the VFGPA on October 14 with 4, 40 round matches in Standard and Hunter class rifles. During the course of the day, 6 potential new shooters dropped by to observe and learn more about this sport. I hope they come back soon with their rifles. New shooters are welcome and we'll help get you started - you should know your scope settings for the 4 distances we shoot (40m, 60m, 77m and 100m) before shooting your first match.

The Standard Rifle match ended with a tie between Blair Desjardins and Steve Shulhan. A best of 5 shootout on turkeys resolved the tie and Blair earned his first Match Winner placement. Congratulations Blair!

Small-bore Silhouette Standard Rifle results:

- * B - 13, Keith Wilson
- * A - 25, Roger Taylor
- * AA - 33, Steve Shulhan
- * Match Winner - 33 (shootout), Blair Desjardins
- * awards: 5 pin Pigs - Steve Shulhan

Small-bore Silhouette Hunting Rifle results

- * B - 23, Keith Wilson
- * A - 35, Blair Desjardins
- * AA - Roger Taylor
- * Match Winner - 43, Steve Shulhan

Upcoming Silhouette matches:

- November 4 - high power in Port Alberni
- November 18 - small-bore on the Malahat
- November 25 - small-bore in Nanaimo

(A letter from one of our members to Justin Trudeau below)

Right Honourable Justin Trudeau

Dear sir:

I am writing you to express my opposition to Bill C71. A reasonable man who exams the true facts about the criminal use of firearms will assuredly conclude that sport shooters are not the problem.

When a Muslim terrorist attacks in Canada, you are quick to state that perpetrator is a terrorist or a "lone wolf" and that all Muslims are not responsible for their actions, a view that I support.

When a gang banger attacks your response is to punish all gun owners.

This systematic discrimination, fueled by the haters of guns and therefore the hatred of sport shooters, is exactly the abuse that you have denounced for other Canadians.

Are you prepared to give sport shooters and gun owner's equal protection from this abuse?

I await your response.

Sincerely,

Dave Metcalf

Dear Mr. Metcalf:

On behalf of Prime Minister Justin Trudeau, I would like to acknowledge receipt of your correspondence of September 27, 2018, regarding Bill C-71, *An Act to amend certain Acts and Regulations in relation to firearms* and the examination of a ban on handguns and assault weapons.

Thank you for writing to the Prime Minister. You may be assured that your comments have been carefully reviewed.

As you may know, the matters you raise fall within the portfolios of the Honourable Ralph Goodale, Minister of Public Safety and Emergency Preparedness and the Honourable Bill Blair, Minister of Border Security and Organized Crime Reduction. I have therefore taken the liberty of forwarding copies of your letter to the Ministers for their information and consideration.

Once again, thank you for writing.

**BULLSEYE SHOOTING AT VFGPA? 2018**

VFGPA Weekly Bullseye Competition Shooting recently opened the 2018 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 5.5-inch and 8-inch bullseye targets, one-handed at 25 yards.

Don and David have assigned MP Range 8 for us each Wednesday. Early in the season we have 5 regular participants and feel we can accommodate another 3 or 4 shooters.

If Bullseye/Precision Competitive Shooting is of interest to you Please contact Gary Byrne at (250)634-8215. He can share additional details and answer any questions you may have.

**Publisher's Note**

Deadline for each month is the Wednesday after the Executive meeting (the first Monday) of the month.
NEXT DEADLINE WILL BE ON WEDNESDAY, December 5th, 2018. Note: Late submissions will be published in the month following. Send all pictures with the event name, date and the names of people in the photo.

Please send all submissions to:

**The Victoria Fish & Game Protective Society
100th Anniversary
Great Gavel Design Contest**

Our gavel that our esteemed presidents have wielded to quell the unruly board members has worn out (and has no more room to engrave past presidents names on it) - So we need a new one...

This is a call to all the artists, designers, engineers, shooters, family members or people with a clever idea. It is open to all our members

But it will not be easy...

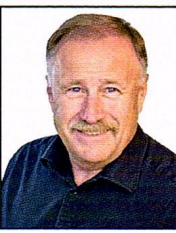

It must:

- Represent the Victoria Fish & Game Protective Society;
- Room to engrave 50 (or as many as you can) future past president's names;
- Work as a gavel; and
- Be buildable (bonus if you can build it).

There will be an award of a free membership and bragging rights to the winner

Submit your design 19 Nov 18 at the Members Meeting

The finished Gavel will be presented at our 100 year celebration

PPC (Police Pistol Competition) Section Report

The PPC section of the club hosted another 'Introduction to Handgun' course on Nov 3rd. We had a total of 16 'Students', who ranged in experience from a rank beginner (How do I hold this again???) to club members who shoot other disciplines.

The weather was very cooperative, as it was *fairly* dry for the class, and it only started to rain after the class had finished! All in all, we had a great day on the range! The participation of the students is what makes the class a success, and we had a class that was full of enthusiasm and energy ... Just look at the smiles on the faces of the students in this picture! Our coaches must have done an outstanding job, because everyone in this class can shoot!!

For those of you who are unfamiliar with this course, the PPC section hosts two of these courses each year. Their purpose is threefold; to recruit new Fish & Game Club members, to recruit new PPC shooters, and to encourage non-shooters to be comfortable around firearms. It is a total of approximately 7-8 hours of both classroom and practical instruction that covers everything from safe gun handling to holster training, sight picture and trigger control. The final objective being accuracy; after all, if you don't hit what you aim at, all you are doing is making noise.

We were successful on all three of our objectives; everybody had fun and took home a few souvenir targets; we have a number of people who are interested in finding out more about PPC shooting; and some of the students are interested in becoming members of the VFGPA.

As usual, nothing like this comes together without a lot of volunteer time and help. Thanks to all of the volunteer coaches and RSO's who helped instruct the students for the day, and thanks to David Michaud who volunteer his time to lead the instruction of the students.

Special Thanks to Perry Roemer, who not only volunteered as a coach, but also worked in the background and prepared all of the brass which we used for the course!

**IMPORTANT NOTICE TO ALL MEMBERS**

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

SKEET AND 5- STAND NOTICE

Skeet practice is held on Tuesdays with shooting starting at 10am and now on some Sunday afternoons. For the Sunday practices please check our club website calendar. Skeet is \$5.00 per round of 25 targets.

5-stand or sporting clays are held once a month and the dates and times are posted on our club website calendar. 5-stand is \$6.00 per round of 25 targets and Sporting Clays is \$30. per round of 100 targets.

For inquiries, call Paul at (250) 710-5303 paulhagel@hotmail.com

Just a short note. Sheet Sunday shot is starting to bring in some new shooters and we are working on improvement on ours 5 stand setups to challenge the Master class shooters. But also keeping in mind the un experienced shooter.

FOR ANY NEW MEMBERS, FOR THE TURN AROUND COMING OUT OF THE RANGE, IT IS 1.6 KILOMETRES DOWN THE HIGHWAY, JUST FOR YOUR INFORMATION.

**Safety Tip**

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

VICTORIA FISH & GAME ANNUAL BIG GAME COMPETITION

Hunters are reminded that Blacktail deer taken in MU 1-1 through 1-13 by Victoria Fish & Game members are eligible for the five trophies available each year. Deer must be field dressed which means that the heart, liver and kidneys (edible portions) are the only internal organs which can be included when the animal is weighed. Deer must be weighed on Club scales by the caretaker or his designate.

The official weigher reserves the right to refuse weighing any deer which arrives in an unpresentable condition. Lungs must be removed and body cavity wiped dry with a rag or paper towels. Deer 160 pounds and over taken with a rifle and 140 pounds and over taken by bow and arrow must be witnessed by an executive member at time of weighing. Please contact the Club caretaker/manager or Wayne Zaccarelli to make arrangements. Hunters are reminded that access to club facilities is restricted to daylight hours with the gate locked progressively earlier through the hunting season. Please ensure that you confirm the time gates are locked and show up at least a half hour earlier.

Trophies available include:

McIlwaine Van & Storage (est. 1955) largest deer / rifle
 Victoria Fish & Game (est. 1966) largest scoring antlers
 Robinson's Sporting Goods (est. 1970) largest deer / bow & arrow
 Bob Hollingworth Memorial (est. 1983) largest buck deer / junior member
 Malahat Marauders (est. 1990) largest deer / muzzle loader

Gold, silver and bronze buttons are awarded in both rifle and bow & arrow

classes for deer in the following weight categories:

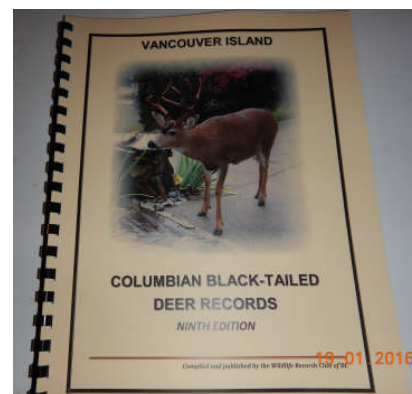

| | RIFLE | BOW & ARROW |
|---------------|-----------------------|------------------------|
| Gold | 180 lb + | 160 lb + |
| Silver | 160 - 179 ½ lb | 140 - 159 ½ lb |
| Bronze | 140 - 159 ½ lb | 120 - 139 ½ lb |

In addition, the Victoria Fish & Game Bear trophy is awarded annually for the largest Black bear taken by a Club member. Boone & Crockett Club scoring is used to determine the largest entry. Boundaries are again MU 1-1 through 1-13.

NEW VANCOUVER ISLAND DEER BOOK

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

NEW VANCOUVER ISLAND COUGAR CATEGORY

The Wildlife Records Club of B.C. recently approved a new Vancouver Island Cougar category for their *Big Game Records of B.C.* The decision was made at their October 20 meeting which set a minimum Boone & Crockett score of 14-8/16. The mainland B.C. Cougar category will remain at a minimum score of 15. Ongoing genetic studies reveal that the Vancouver Island cougar is distinct genetically and is generally physically smaller. The latest 7th edition (2017) *Big Game Records of British Columbia* book lists only five cougars from Vancouver Island out of 224 scoring 15 or more points.

2018 DEER COMPETITION ENTRIES

The following Blacktail deer have been weighed in to date:

| | | | | |
|-------------|----------|---------|-------------|-------|
| Jason Smith | 111 lbs. | Aug. 30 | crossbow | R4 L4 |
| Gord Adams | 140 lbs. | Oct. 12 | bow & arrow | R4 L3 |

SOUTH ISLAND SPAWNING SALMON RETURNS

Coho and Chinook returns to south Island streams is looking good to end of October. Chinook escapements to Nitinat and Cowichan Rivers is better than recent years' averages. The Cowichan had a huge return of 25,000 plus Chinook of all age classes in 2017. Time will tell if this years' return approaches that number. Coho returns locally are looking better than the poor return in 2017. Colquitz had approximately 120 Coho to October 31, however more than half were jacks (mature male two year old coho). Craigflower Creek had about 60 to the end of October; again with a large jack component. Shawnigan Creek at Mill Bay had 1500 coho transported above the falls at the mouth of the creek. On October 30, about 100 were taken from Shawnigan Creek to Goldstream Hatchery to supplement their brood stock. In recent years Goldstream returns have suffered from poaching and excessive commercial netting in approach waters.

ANNUAL FISHING CONTEST CANCELLED

Due to lack of interest and continuing multiple restrictions on tidal angling, the Victoria Fish & Game annual fishing contest has been cancelled. Anglers have been bombarded with size restrictions for lengthier periods and with decreasing sizes. And now, in several areas, total angling closures are in effect for the summer fishing season and these closed areas are set to expand in 2019.

VICTORIA SPORT FISHING ADVISORY COMMITTEE

The Victoria Sport Fishing Advisory Committee met on October 17 to discuss several issues including the recreational halibut fishery, commercial crab harvest conflicts and Chinook salmon fishing experiences during 2018. Of particular note were two motions which created recreational only crab fishing areas off the Victoria waterfront. Both motions received unanimous support. They call for no commercial crabbing on waters inside the area from Brothers Island (east of Esquimalt Harbour entrance) to Brothie Ledge light and out to approximately 120-140 foot depth. The second area is from Finlayson Point to the tip of Trial Island and again also to 120-140 feet. These motions were prompted by numerous angler complaints regarding the commercial invasion of crab traps/floats this spring and running through the summer. The volume of traps made it difficult, if not impossible at times, to fish safely through portions of these areas. The increased commercial pressure also made it more difficult for recreational crabbers to obtain legal size crabs in the area close to local launch points and fishing areas. The two motions will pass through the SFAB process before they are dealt with by DFO (through the Minister of Fisheries, Jonathon Wilkinson).

B.C. WILD SALMON STRATEGY

The B.C. Wild Salmon Advisory Council has recently released its *Options for a Made-in-BC Wild Salmon Strategy*. The Council is comprised of 14 members from the First Nations, Commercial Fishing, Recreational Fishing and Environmental communities. The public consultation process is currently underway. Check out their website and the Options Paper at the link below: [file:///C:/Users/User/Downloads/Wild-Salmon-Strategy-Options-Paper%20\(2\).pdf](file:///C:/Users/User/Downloads/Wild-Salmon-Strategy-Options-Paper%20(2).pdf)

SOUTHERN RESIDENT KILLER WHALE RECOVERY PLANS

Both Canada (DFO) and the U.S. (Washington State) have developed recovery plans for the endangered SRKW population. The newest Washington document is a very detailed and costed plan with specific actions proposed. It is a worthwhile read which puts more emphasis on Chinook habitat and enhancement objectives – including the removal of many dams. In contrast, the DFO plan puts more emphasis on closing down fisheries, with no specifics on habitat or enhancement objectives. Check out the two links below:

TRIAL SEAL CONTROL HARVEST APPROVED

The Pacific Balance Pinniped Society has received permission to harvest about 30 harbour seals within Georgia Strait between Campbell River and Victoria. “Samples of meat, blubber and liver will be taken to be tested by a laboratory to see if it meets Canadian Food Inspection Agency standards for human and animal consumption.” Hides and skulls will also be taken if possible. The release states “We are committed to bringing balance back into our British Columbia waters concerning seals and sea lion over population.” This is the first step in seeing a coastwide harvest of pinnipeds. It is imperative that a harvest take place for the survival of our salmon and other fish stocks that are being consumed at massive levels by seals, Stellar sea lions and the invasive California sea lions. For further information, check out their website.

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. “This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system.” The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. “This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia.” “The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia.” Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province. “Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals.”

Copies of previous editions are available at the prices noted below (postage extra):
