**IMPORTANT MESSAGE**

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

SURVEY ON FISHING POND

If you go fishing at the Club pond, please answer these questions and email to pchow4570@shaw.ca

1. How many times have you fished at the club property?
2. Are you fishing with a child or children, how many children?
3. How many fish are you keeping?

VFGPA 100th Anniversary Celebration 15 June 2019

This year, we are celebrating the VFGPA 100th anniversary. The last day of our first hundred years is Saturday, 15 June. This event will be marked by a celebration BBQ and pig roast at the clubhouse and trap field afternoon and evening from 2-10 pm.

There will also be live bands, 100 years of memorabilia on display, and so much more.

This event is for members and their guests. Tickets are \$40, and \$24 for youth under 12 years old. Children less than five years old are free, and will not need a ticket. Tickets are available for purchase at the caretaker office at the range, or by sending a cheque to Doug Bancroft at 1126 Munro St, Victoria BC, or by electronic fund transfer to doug.w.bancroft@gmail.com (make sure that you include a mailing address). Tickets are limited to 350, so purchase yours soon to avoid disappointment.

By coincidence, this is the Fathers' Day weekend, and on Sunday, we will start the first day of our second hundred years with a very special Discovery Day event, open to the public. We will also host some trade booths on Sunday.

Finally, we are seeking volunteers for both the Anniversary Celebration and the Discovery Day. If you can assist in any capacity, please contact Doug Bancroft.

**NEEDED**

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses. Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well. Very easy to do, training provided, just send me an e-mail

davidmichaud333@gmail.com

**HOUSE KEEPING**

Hello Members, a few house keeping items:

ALL NEW MEMBERS MUST TAKE THE ORIENTATION COURSE BEFORE THEY ARE ALLOWED TO USE THE CLUBS RANGES.

EVERYONE NEEDS TO SIGN IN WHEN AT THE RANGE!!

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable**. Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves. Extra buckets have been put at each range, these are not garbage buckets they are to be used for Brass Cartridges (recycle) on the R/P and M/P Range, shotgun shells on the S/G Range. All garbage (paper, plastic, cardboard) goes into the garbage cans.

Please print your Name/Member Number when you sign in, we **NEED** to be able to read what you **Write / Print**. **YOU MUST INITIAL THE ACKNOWLEDGEMENT THAT YOU KNOW THE RULES OF THE CLUB**

If **4:45pm** is Closing Time the last shot is **4:15pm**, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **4:45pm**. Range staff have already worked their 8 hours and would like to go home and see their families.

VFGPA Hosts Member of Parliament Alistair MacGregor

Our Range had the privilege of hosting Member of Parliament for Cowichan, Malahat, Langford for a few hours on April 27 this past month.

He was joined by his Community Outreach Coordinator, Jennifer Hermary, who happens to have a Restricted P.A.L. Our delegation consisted of Ron LaRose, Tina Clark, Paul MacNeill, Doug Bancroft, & myself, Dom Piluso.

We started the tour of the range at the main Clubhouse, where he met Hunter Training Instructor David Danylyshyn. Mr. MacGregor was able to witness the popularity of the class in session, and also introduce himself to the class & talk with David.

Then, after a short firearms safety & handling course, our guests shot two rounds of trap. They hit their first shots! Smiles were all around, but we had a limited amount of time, so we had to continue our tour.

Next stop was the Rifle range which was very busy. As luck would have it, we were able to time our visit during a cease fire. Mr. MacGregor was able to talk to the RSO in charge at the time, as well as a few shooters, while observing how busy & popular the Rifle range can be.

The Archery range was next. While not as busy as the other ranges, our guests did have the opportunity to see the facilities, and talk to a few Archers who were practicing at the time.

Finally, we toured the Multi-Purpose range, which was very busy with activities happening on all of the bays. Brinks was training staff in one of the bays, and we were also holding an Action Shooting Safety Course in another bay. Here, our Guests were able to shoot some handguns. They shot paper & metal-reactive targets using semi-autos in 22 long rifle, 9mm & 45ACP, and also a revolver in 38 special. Doug also had them shooting metal plates with a shotgun! Again, smiles abounded.

Otis/Waldo, our Llama mascot also made a guest appearance! Interspersed with the tour, thoughts on Bill C-71 & firearms laws entered the conversations. Jennifer may be a future member of our club, while Alistair was given information and local contacts for getting a P.A.L.

All in all, an enjoyable experience which we hope to repeat in the future.

Respectfully submitted; Dom Piluso

Airsoft News

This month I pleased start our news article by acknowledging some generous donations from the community over the past few weeks.

Have you ever wondered what happens to broken port-a-potties? Airsoft Committee member Dennis Smith wondered the same thing because we were in need of a better, fully enclosed, structure to provide a “safe zone” where our players could clear the fogging in their eye protection on the playing field without risking injury. To that end, he approached Coast Environmental to find out what they do with their broken parts. They very generously put one together for us, after removing the “business” portion and replacing that with a wooden bench, painted it up with a camouflage pattern and delivered it to our field as a donation! Our players have already made us of the new “safe zone” several times and are truly grateful for this innovative solution to a common problem for airsoft players. If you’re looking for a port-a-potty for your event, etc, please keep Coast Environmental in mind.

One of our newer regular “guests” at our airsoft events, Adam Cedilotte, raffled off a brand new airsoft pistol at our event on April 21st then donated the entire proceeds to our field improvement fund! Needless to say we were very happy to receive such a generous donation. Thank you Adam! We also have a number of other “guests” who do things to contribute such as coming out to help on our build days (work parties). It’s very heartwarming to see people who aren’t even members of our club appreciate what we do and pitch in to help where they can.

Finally, Camouflage Victoria has been a great supporter of our Airsoft range through a number of donations since we started a couple of years ago. In recognition of the special milestone we’ve reached as a club on our 100th Anniversary, they went above and beyond with their prize donation for our Father’s Day raffle draw this year. They donated not one, but two, very popular airsoft guns for the prize package: a G&G Combat Machine ARP 9 (PDW style rifle) and an Umarex Glock 17 pistol with licensed trademarks ~ a total retail value of approximately \$690.00. (Shameless plug: tickets are available at Camouflage Victoria and at the Airsoft events up to the time of the draw at our display on Father’s Day; \$5 each or 5/\$20; only 150 tickets are available so get yours soon).

We have regular game days coming up on May 19th, June 2nd and June 30th. The June 2nd event will take place on the Archery Range instead of the Airsoft Range so the folks participating in the BC Provincials over the same weekend will have some extra room for their event which is anticipated to have a fairly large turnout. As always, we appreciate the Archery Discipline accommodating us on their range; it’s always a fun change of pace for the airsoft players.

Finally, we’ll be putting on a display again this year for the Father’s Day Open House on June 16th. We will be using the Airsoft range to host the displays as well as put on live demonstration games. Guests will be able to hop on / hop off the bus at our range on the way to or from the various demonstrations on the Multi-Purpose range.

The Vital Four ACTS of Firearm Safety

- Assume every firearm is loaded
- Control the muzzle direction at all times
- Trigger finger must be kept off the trigger and out of the trigger guard
- See that the firearm is unloaded

PROVE it safe.

- Point the firearm in the safest available direction
- Remove all ammunition
- Observe the chamber
- Verify the feeding path
- Examine the bore each time you pick up a firearm

TRAP / SKEEP FUN SHOOTING LEAGUE - SUMMER EVENINGS

The club will run a Summer Evening Trap/Skeet Fun Shooting League. Shooting will be every Thursday night commencing the 27th of June 2019 and ending the 5th of September 2019. Total of 10 weeks (skipping the 22nd of August due to a Frontier Shootists Event). Shooting will start at 5:30pm and end at 7:15pm. Each evening's shoot will consist of one round of trap followed by one round of skeet. Scores will be handicapped, recorded, posted at the clubhouse and published via email to each participant. Total evening shoots 10, total targets 500, cost will be \$80.00 per shooter. The League will be limited to 20 shooters registration is to be via email: trap@vfgpa.org

At the end of League get together Patches/Pins will be awarded to those who posted a 25 round either trap or skeet and a patch/pin for those who post a perfect 50. Club trophies (Top Score and Most Improved) will be awarded (trophies will be displayed in the clubhouse). The rules, procedures and handicap system are posted at the clubhouse; any questions can be directed to Mike King the Trap Director at the above email address.

Hope to see you this summer.

POLICE PISTOL COMBAT (PPC) CLUB UPDATE APRIL 2019

Contributed by Don Senft

For 2019, the **Colwood PPC Club** based out of the VFGPA has been given the honour of hosting the **Canadian Police Combat Association (CPCA) National Police Pistol Combat Championships** at our **Malahat Ranges**. In the lead up to this prestigious event, the club will be providing a monthly update in the newsletter to keep the membership informed of opportunities to become engaged with PPC and to train and prepare to compete in the upcoming CPCA Nationals which will take place on 12&13 October 2019.

By way of background and as an introduction for those unfamiliar with PPC, there is a wealth of information available online, starting with the clubs website at www.colwoodppc.com and the national website for CPCA at www.cPCA-ppc.org, as well as numerous excellent articles and videos available by searching PPC 1500 match online. The matches involve shooting a number of different pistols including modified revolvers, stock revolvers, in service duty semi-automatic pistols, and modified semi-automatic pistols, from ranges varying between 3 yards to 50 yards. Firing is conducted from static positions, with and without the support of barricades, prone, sitting, kneeling and standing, all under specified time constraints.

The clubs most recent match occurred April 14th at the North Saanich Rod and Gun Club (NSRGC), with a strong turnout of shooters, including one guest who came over from Vancouver to join the matches. The April matches included the 1500 PPC Match, a Team match and the Duty Pistol match. With the cool and wet weather, it was a treat to be able to fire the matches from under the cover of the excellent facilities afforded to us at the NSRGC, and the good conditions contributed to some excellent shooting, in particular a score of 1490/1500 achieved by Dom Piluso, and other excellent results including a couple of solid personal bests from the likes of Roger Taylor and Craig Gibbs.

The club has its match schedule posted on its website, with our next two matches taking place 11 May at VFGPA on the RP Range and 9 June back at the NSRGC, first round downrange at 1000h each day. Spectators are always welcome to attend with appropriate ear and eye protection for those interested in observing the match conduct or learning more about the sport firsthand. In addition to those opportunities, the club runs a formal Introduction to Handguns and PPC Shooting course that will typical run each year in late spring and early fall, and details for registering for that course can be found once again at www.colwoodppc.com.

With the club hosting the CPCA National Championships this year, this is a great time to become engaged with the club and to develop your handgun shooting skills in a safe, fun, and competitive environment. For additional information you can reach out to the club through the contacts on the website or through the author at anytime. Until next month, happy shooting and I will see you at the Range.

NOTICE TO MEMBERS: CANNABIS IS NOW LEGAL!

(... as if you might have missed that little detail in the new Canadian Society ...)

The new rules in Canada that now allow legal use of Cannabis have prompted your Board of Directors to update a couple of our Range Rules to ensure that 'common sense' will still be prevalent on our ranges.

The Property Use Policy; Under 'General'; has been updated to the following;

14. Absolutely no consumption of alcohol or cannabis on any shooting or archery range. Anyone that appears to be impaired, for any reason, while using the ranges, will be asked to leave the property.

Also, Under 'General Range Rules - Number 14; has been updated to the following;

Rule # 14 – The consumption of alcohol or cannabis is **NOT** permitted on an active range.

BRASS PROGRAM

Brad Woollven will now collect, sort, and sell our club's recovered range brass. You can contact Brad at 250-727-9175 or by email at leonardwoollven@gmail.com regarding any calibres of reloadable brass that you might be looking for.

SPORTING CLAY

For any info contact Paul at (250) 710-5303 or email at paulhagel@hotmail.com

VANCOUVER ISLAND SHOOTING LEAGUE

The Vancouver Island Shooting League (VISL) has both a trap division and a centerfire rifle division. Shoots are conducted on a regular basis with each participation club hosting. The trap division of VISL is part of the Pacific International Trap Shooting Association (PITA) further information can be found on the PITA webpage or contact Mike King email: trap@vfgpa.org In addition our club is a member of the British Columbia Trap Association (BCTA) information can be found on their webpage as well. The centerfire rifle division of VISL conducts regular 3 position shoots with each participating club hosting. This group has a Facebook page and the contact is Tammy Sanne: tammypo17@telus.net.

"New to our Range: Holster Training Course"

You must be 'Holster Trained' and have a Holster Training qualification Card to use a Handgun Holster on our ranges.

Holster Training Courses (a 2 hour short course 10-12pm) will be held at the club on:

**July 6th, Aug. 11th, Sept. 14th, Oct. 6th,
Nov. 23rd, Dec. 15th**

For Details, costs, & pre-registration, call at the Club Office 250-858-8342

Victoria Fish & Game Club Chronograph is now available for rental!

The club recently bought a basic Model F-1 Chrony which will be available for rental to our paid, card carrying club members. (We will not be renting the club chronograph to day pass users.) We will be charging a nominal fee of only \$10 for the use of the club's chronograph, which will be available to be signed out from the Caretaker's office. We will have a simple form to record the renting member's information and it will be the responsibility of the renter to return the chronograph to the office before they leave the range property. Since we suspect this will be a very popular club program I would suggest that you contact the office in advance to book your rental of the club Chrony by date, to ensure that someone else hasn't arranged to rent it on the same day. We now have a club camera tripod that can be used with the rental Chrony.

Reminder - Day Pass Fees for Non-Members

Anyone who attends the range with a member needs to purchase a **\$20 Guest pass**. If a non-member is a current member with the BCWF, or an affiliated club (valid cards **must** be shown) they are eligible for a **\$20 Special day pass**. All non-club membership holders and are not attending with a member pay the **\$50 Day Pass**.

All range rules must be strictly followed. Non-Members must sign in with their Day-Pass number and keep and display the yellow copy of the day pass while using the range facilities. **Only one \$50.00 Day Pass can be used as a credit towards a membership purchased within 30 days and must be surrendered at time of purchase.**

Salt Spring Island Rod and Gun Club

We continue to support our friends over on Salt Spring Island and they face challenging times. Please show your support by purchasing a membership at SSIRG or visiting their range.

Official Range Plan

If you have any suggestions for major capital improvements to the range, please submit your ideas to info@vfgpa.org

Hello Members,

Just a reminder ALL targets MUST be placed below "the orange lines on the Rifle Pistol Range" this prevents the target holders from getting shot up.

If you see someone not doing this please mention it to them (nicely).

**Thanks for the help.

Junior Action Shooters

Is there a Junior in your life between the ages of 11 and 16 years of age who might be interested in coming out and shooting Action Pistol but isn't ready to shoot 9mm?

The South Island Action Shooters is offering a Junior Action Shooters course that will teach safe gun handling, holstering and how to safely move through a course of fire using 22 rimfire pistols.

A parent or guardian must be present during the training course which will be approximately 5 hours and be required to provide a rimfire pistol for the Junior to train with. They will also need at least 2 magazines a sturdy belt, a holster and 2 magazine pouches.

Please email sias@vfgpa.org for more information or to register your Junior.

Timberwest Access

The Kapoor gate is equipped, and the 2019 Timberwest access agreement is now open for registration.

Step 1: Register and pay online. <https://vfgpa.org/access>

Step 2: Call the range office and schedule to sign the new waiver and have your key assigned.

I'll be attending the BCWF AGM in Ft. St. John in June to advocate adoption of our Timberwest key as a universal roaming key standard that will access other controlled gates such as Eagle Ridge in Coquitlam, Norrish Creek east of Mission, and others that may appear on the landscape. I don't want to have to deal with 20 different keys, clubs, and access agreements as I travel around the province, so that's an initiative for a provincial body to support.

Fees have gone up to help cover the program costs. The 2019 registration fee is \$50 VFGPA members, \$75 non-VFGPA.

Some of you may be aware of an educational initiative I have connected to the access program, that being the Caveman Engineers. A number of threads have come together: The Kapoor gate opening a circle route around the Malahat through the back country, Timberwest opening discussion of ATV use for hunting, the 100 Year celebration coming up on Father's Day weekend in June, the massively growing Airsoft discipline needing room, and board approval to rezone the 20ha property north of the trap range at 751 Trans Canada Hwy (751TCH) for club use.

We are also supporting the VIDRA group with the Tansky parking area improvements to add an east/west layout to the access program for those that like free camping, and legal ATV access to some highly productive hunting areas while we wait for Timberwest to sort it out. Additional support has been contributed to our friends at the Charters River Salmon Interpretive Center for the move of the Jack Brooks hatchery, and I am investigating the feasibility of occupying the hatchery site, once the move is complete, as our first Timberwest campground and ATV staging area. For those that have never travelled Boneyard up the west side of the Sooke River, you have a special treat waiting.

1Tansky base camp

2Fun in the snow - Tansky base-camp

I have adopted 751TCH as a Caveman Engineer project, and I expect to have grant funding approved for two full time Canada Summer Job positions July-August. I invite an early expression of interest from anyone qualified for CSJ employment that has an interest in pursuing an education in civil engineering or a related field, and can pack a shovel and chainsaw to lay out multi-purpose trail system. Past activities of the Cavemen and the 751TCH project as it develops can be viewed on the web site here: <https://caveman-engineers.org> (Thanks again 2'nd VP Paul MacNeil

for the DND tours!)

Who wants to get paid to play outside all summer and associate with professionals from the engineering community?

I have proposed calling 751TCH the Malahat Outdoor Skills Park, and with the Caveman relationship to youth oriented outdoor-placed STEM Education (Science, Technology, Engineering, & Math) we will connect with the affluent, outdoorsy, influential demographic of the professional engineering community. It's a natural sponsor space in good company to get a brand in front of.

If you are connected to a business that markets into that demographic, I invite sponsor proposals for custom programs tailored to your commercial objectives. While in-kind donations are indispensable, we can leverage cash with matching grant funding, and we're currently working on developing relationships with registered charities, which have the potential to return a sizeable tax refund through charitable contribution tax receipts.

With Timberwest proposing ATV use on their property we need to know what we're talking about, so we have proposed an ATV demonstration circuit be laid out on 751TCH. In addition, the property is a natural base-camp to stage excursions around the Sooke-Shawnigan circle route, and if you've never participated in an airsoft event you don't know what you're missing. The opportunities for free camping will more than pay your entire membership!

Come join us and find out!

BULLSEYE SHOOTING AT VFGPA 2019

VFGPA Weekly Bullseye Competition Shooting recently opened the 2019 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive ISSF Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 7 inch Bullseye target zone and as with all ISSF pistol disciplines, all firing must be done with one hand, unsupported at 25 yards.

Dom and David (Thank you) have assigned MP Range 7 for us each Wednesday morning. We have several shooters who are steadily advancing their marksmanship skills and our goal in 2019 is to have a full line of competitive Bullseye shooters.

If Precision Competitive Shooting is of interest to you,
Please contact:

Gary Byrne at (250)634-8215.

He can share additional details and answer any questions you may have.

SIAS Report

We held our 2nd Club match of the season on April 7th, the weather was great and we had 45 people show up to shoot. Our 3 gun contingent held their first Match of the season on Easter Sunday, 17 people came out to shoot, some of them from as far away as Sayward.

Our 3rd Club match of the season was held on May 5th we had 50 people registered, 52 showed up to shoot.

We are hosting the third Independent Shooters League match of the season on May 26th and later that week we will start gearing up to host IPSCBC Qualifiers on June 1st and 2nd. We are set to host upwards of 130 shooters per day and some of the best in the Province will be here competing, come on up to the MP, check it out and see what our sport is all about!

Archery News

Terrance Martin was installed as Archery Chair at the May 6, 2019 meeting of the board, and looks forward to introducing youth to the discipline by cross-pollination through the Caveman program. He first addressed the board stating that integrating archery with other activities of the Caveman group was his condition for volunteering for the position, but the board was so excited that anyone would volunteer that it went more or less "ya ya, anyone opposed? No? good it's unanimous. Now what were you saying?"

Please Note: The Airsoft group is being pressed for space by scheduled events on the Multi-purpose range, so until space opens up on 751TCH, and as a first act of integration, the archery range is booked for an airsoft event June 2.

Any volunteers to help host an archery demonstration for Outdoor Discovery Day June 16 will be greatly appreciated and highly entertained. The Cavemen throw a good party around the fire, but their evolution to bows is a recent innovation.

**Safety Tip**

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

Victoria Fish & Game Association, 700 Holker Place, Malahat BC

A Project Mapleseed Event is coming to a Vancouver Island range near YOU!

In 2018, volunteer crews from Ontario came out to BC, TWICE to put on two types of sport shooting events that were hosted by various clubs and associations here on Vancouver Island and elsewhere in Western Canada.

These were Project Mapleseed Events and Canadian Rimfire Precision Matches.

Project Mapleseed is a rifle marksmanship training program that focuses on teaching traditional rifle marksmanship from standing, sitting/kneeling, and prone positions in a one-day shooting clinic termed a "Mapleseed". Project Mapleseed is a non-profit, all volunteer run organization committed to helping Canadians develop fundamental marksmanship skills and safe handling of firearms.

Project Mapleseed first took root in Ontario and is rapidly expanding across Canada. It is a Canadian offshoot of Project Appleseed in the USA. Project Mapleseed offers skills training on the practical side of marksmanship and assists shooters achieve proficiency as a RIFLEMAN.

This program is a great way to bring Vancouver Island shooters out to our Club facilities and to bring them in on the social and family environment. It is an ideal way to introduce new shooters to shooting sports. Even seasoned shooters will benefit from the skills training available at a Mapleseed event.

The Canadian Rimfire Precision Series is a natural extension from the Mapleseed events, putting the skills learned there into practical use in a fun competitive match. While the Mapleseed event is done at 25 yards primarily using rimfire rifles, the CRPS match is Rimfire only and is done at various distances from 25 to 350 yards depending the course of fire and the facilities. Yes, that is correct, shooting a .22 long rifle out to 350 yards!

Here is the 2019 schedule of events on Vancouver Island (links to registration and more info are below each event):

Shooter can take part in more than one Mapleseed Event. If a shooter is new to the Canadian Rimfire Precision Series, it might be beneficial if they take in a Mapleseed event prior to the June 23, 2019 CRPS Match.

Fees for Project Mapleseed vary from one location to another so check the registration links.

CRPS fees are \$50.00 per adult participant, youth accompanied by a registered adult shooter are FREE.

Additional information on Project Mapleseed Event can be obtained through the website, on Facebook or the contact for each event or the email address below.

Additional information on Canadian Rimfire Precision Series is available on the web and Facebook or by contacting:

A Grown in Canada Marksmanship Program

Project Mapleseed is a rifle marksmanship training program that focuses on teaching traditional rifle marksmanship from standing, sitting/kneeling, and prone positions in a two-day shooting clinic termed a "Mapleseed". Project Mapleseed is a non-profit, all volunteer run organization committed to helping Canadians develop fundamental marksmanship skills and in the safe handling of firearms.

In addition, Parker Gale receives a bronze button (rifle-140 to 159.5 lb.) for his 142 lb. deer and Gord Adams receives a silver button (archery-140 to 159.5 lb.) for his 140 lb. deer. Trophies and buttons will be presented at the March 18, 2019 Annual General Meeting.

NEW VANCOUVER ISLAND DEER BOOK

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00.

The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

**IMPORTANT CHINOOK INFORMATION - FEEDBACK REQUIRED -PAGE 27- SPORTFISHING BC**

In direct response to Budget 2019 commitments to support our capacity to work with Indigenous groups and advance reconciliation, I am reaching out to you to share some news about planned organizational changes that we are making at Fisheries and Oceans Canada, Pacific Region, to help position us to build on our established relationships with Indigenous communities and organizations across the Region.

I am pleased to share with you that we are moving forward to create a new team in Pacific Region dedicated to work across our diverse departmental branches to advance reconciliation. The name of this new team -- Reconciliation and Partnerships (R&P) Branch -- reflects the outcomes we want to achieve. My hope is that R&P will provide the Region with strategic support as we continue our work of strengthening our relationships and translating the Government's high-level reconciliation priorities into specific, concrete and coordinated actions in our day-to-day work.

"Partnerships" in the branch title name highlights the need not only to create partnerships with Indigenous communities to achieve our reconciliation objectives but also to work closely with our industry and recreational partners to ensure that these objectives are realized. Achieving reconciliation will require strong relationships between the Department and industry, governmental and non-governmental organizations and other bodies interested in resource management, all of whom play a role at helping to realize reconciliation.

In the upcoming months, our new Regional Director of R&P, David Didluck, will be seeking opportunities to meet sector advisory and management groups to discuss his work. Rest assured that your key DFO program contacts will not change. I look forward to building on our relationship through further engagement to advance reconciliation and partnerships through fisheries and aquatic management.

- New chinook retention restrictions were announced by Fisheries Minister Jonathan Wilkinson and posted under Fishery Notice 0377 effective April 19, 2019 for areas around Vancouver Island. For southern Georgia Strait and Juan de Fuca Strait, the following Fishery Management Areas (FMA) are affected: 18, 19-3 to 19-12, 20-3 to 20-7 and 29-3 to 29-5. Non-retention of chinook will be in effect until July 31. From August 01 to August 29, the daily limit will be one chinook (hatchery clipped or wild unclipped). From August 30 to year end, the daily limit will return to two per day. DFO unintentionally omitted inclusion of Victoria Harbour (19-1) and Esquimalt Harbour (19-2) from the above restrictions. However, on May 01 they posted FN 0395 which corrected the omission.
- Other areas around Vancouver Island also have non-retention restrictions which vary to some degree from those listed above. The Northern trollers (Area F) have non-retention until August 20 while the West Coast Vancouver Island trollers (Area G) have a delayed start date of August 01. First Nations netting in the Fraser River is supposed to be closed until July 15.
- DFO has essentially used the recreational anglers as political pawns to get the First Nations to stop netting in river. Our fishery is based largely on U.S. hatchery chinook and our exploitation rate on Fraser River chinook stocks of concern is less than 2%. There is no valid reason why we could not have continued with at least a hatchery only restriction.
- The annual chinook limit was also reduced from 30 to 10 under the April 19 posting. This limit is effective coastwide.
- A protest rally was held May 01 outside the Minister of Fisheries & Oceans constituency office in North Vancouver. The turnout was excellent for the noon time event with over 200 persons attending. Widespread media coverage was attained with same day television reports on CHEK and Global News.
- Eagle Eye Outfitters in Sooke closed for good on April 30. This was necessitated by increasingly more restrictive regulations on recreational anglers; culminating in the latest chinook non-retention.
- DFO has apparently approved a trial seal harvest for 600 animals. Two hundred will be taken from each of the following areas: Fraser River, Georgia Strait and the Campbell River area.
- Ken Malloway (Chair, Fraser River Aboriginal Fisheries Secretariat) wrote a letter to Rebecca Reid (Regional Director General, DFO Pacific) dated March 29, 2019. In the letter, Ken states the minimum number of salmon from the Fraser River required for their Food, Social and Ceremonial (FSC) needs as follows: Mid/Upper Fraser (18,000 chinook), Lower Fraser (25,300 chinook) and combined Fraser (1,100,000 sockeye).

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia." "The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province. "Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

Copies of previous editions are available at the prices noted below (postage extra):
