"Sound Attenuation!"

There, I am sure that I have everyone's attention now!
Truly a fascinating and mesmerizing subject - take a look at the picture below:

If you are using a centre-fire rifle of 30 cal. or larger, and ***particularly if you have anything with a muzzle brake***, please use these 'mufflers'. They reduce sound (which is courteous to our neighbours), and especially if there are families and young ones near the firing line; we want their shooting experience to be fun and enjoyable. Help us all be 'good neighbours'.

**HOUSE KEEPING**

Hello Members, a few house keeping items:

ALL NEW MEMBERS MUST TAKE THE ORIENTATION COURSE BEFORE THEY ARE ALLOWED TO USE THE CLUBS RANGES.

EVERYONE NEEDS TO SIGN IN WHEN AT THE RANGE!!

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable**. Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves. Extra buckets have been put at each range, these are not garbage buckets they are to be used for Brass Cartridges (recycle) on the R/P and M/P Range, shotgun shells on the S/G Range. All garbage (paper, plastic, cardboard) goes into the garbage cans.

Please print your Name/Member Number when you sign in, we **NEED** to be able to read what you **Write / Print**. **YOU MUST INITIAL THE ACKNOWLEDGEMENT THAT YOU KNOW THE RULES OF THE CLUB**

If **4:45pm** is Closing Time the last shot is **4:15pm**, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **4:45pm**. Range staff have already worked their 8 hours and would like to go home and see their families.

SURVEY ON FISHING POND

If you go fishing at the Club pond, please answer these questions and email to pchow4570@shaw.ca

1. How many times have you fished at the club property?
2. Are you fishing with a child or children, how many children?
3. How many fish are you keeping?

IMPORTANT MESSAGE

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

The existing *Firearms Marking Regulations* under the *Firearms Act*, scheduled to come into force on December 1, 2018, are being deferred until December 1, 2020

Airsoft News

=====

August continued to be a busy month for Airsoft with the pace expected to continue into September and October. Many people think Airsoft is just for “kids” but our statistics show that 80% of our participants are adults (age 18 or older). I think I’ve mentioned before we even have a small number of players in the 60+ category. It just goes to show you it’s a true multi-generational sport and should be thought of as for “the young at heart” not just the young folks out there. Speaking of the “young at heart”, our “Hallowe’en Event” on October 20th is rapidly approaching. It’s another great excuse to dress up in something other than your everyday clothing. So, start planning your costume now and join us for some fun on the Airsoft Range.

This month we want to send out a huge thank you to Wess Reed for donating some very large plastic pipes to the Airsoft Range. They make great props which won’t suffer the ravages of weather the way our wood structures do and they are surprisingly easy to cut and work with despite their size. Wess tells us more will become available over time and we’d already deployed the first batch in time for our game day on August 25th. Our thanks also goes out to Glen Shiels and Reevan McKay for helping to move the pipes, cut them and place them into position.

Upcoming events include regular game days on September 8, September 22, October 6, October 20 and November 3. We also have our last indoor “Swap & Shop” of the year in the Main Club House on November 9 coming up. As always, I hope to see you at one of our upcoming events.

SIAS Report

We held our August Club match on the 18th, we had 60 people come out to compete, including 4 who came over from the lower mainland to get in a little practice before Provincials, as well as a number of shooters from Nanaimo and Campbell River. We also had the 2 graduates from our August SIAS Range Safety Course come out to practice their newly learned Action Pistol safety skills. The Match was comprised of 8 Stages, a number of which were submitted by SIAS members who were trying their hand at Stage design for the first time, it was fun and challenging, the way a match should be.

Our Club Championship Match, the last of the year, will be held on September 29th.

A number of SIAS members traveled to Port Coquitlam District Hunting and Fishing Club to compete in the IPSCBC Provincial Championships over the Labour Day weekend. The Match was comprised of 15 Stages shot over 2 half days, all of them were very technical and challenging. I'm happy to report that a number of them brought home some hardware!! Andrew B, at his first ever Provincial's match, was Match Winner in Production Division, Zach J took 3rd overall in the same Division. Oleg M Jr. was Match Winner for Standard Division. Dom P was Match Winner for Revolver, Glen S took top A in Open and Stacy D was top C in Open, she also won Top Lady in combined overall match results, a pretty exciting weekend for our SIAS group.

Hurrah for Liberty is a new novel by Vancouver Island resident writer, avid Black powder shooter, hunter, magazine writer and history enthusiast Oran Brucks.

Follow the exciting story of two brothers, the sons of a famed Pennsylvania gunsmith who embark on an epic journey down the Ohio River looking hoping to find some adventure and excitement. Adventure finds them and their idyllic trip becomes a deadly pursuit by ruthless enemies who are prepared to use any means to stop the brothers. **Hurrah for Liberty** is available at Amazon.ca and in distribution to book sellers worldwide.

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses. Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well. Very easy to do, training provided, just send me an e-mail

davidmichaud333@gmail.com

Archery

Doug and Sonya should be awarded a sainthood for bringing in a team to bail out Outdoor Discovery Day, which had 10-20 deep line up the entire day eager to get their hands on a bow. I have board approval to place two Canada Summer Job student hires on site over July & August for trails and grounds maintenance, and a very interested group of professional motorcycle instructors have booked the range as a training facility for off-road dual sport training, bringing in much needed cash to pay for much needed maintenance in the absence of volunteer work commitments. I'm looking forward to training our youth hires to assist the public on site over the summer and help build the core group of Cavemen.

Airsoft has also booked the trails one weekend day each month to accommodate their growing discipline. I assume they understand that comes with a volunteer work commitment.

Please be sure to check the booking calendar going forward, as the archery range is going to be a busy place with maintenance and corporate bookings.

Hansard voting results for Bill C71 for Vancouver Island

This information is an excerpt from the September 24, 2018 Hansard for Bill C-71. The Hansard is an official parliament record of voting on all Bills. I will put the MPS name first, their political party and riding they represent.

Elizabeth May	Green Party	Saanich-Gulf Islands
Murray Rankin	NDP	Victoria
Alistair MacGregor	NDP	Cowichan-Malahat-Langford
Randall Garrison	NDP	Esquimalt-Saanich- Sooke
Sheila Malcolmson	NDP	Nanaimo-Ladysmith
Rachael Blaney	NDP	North Island-Powell River

All of the above MPs voted yes to Bill C-71 which is a direct attack on on Firearm ownership and yes affects us all. If you voted for these MPs you are destroying your own ability to own firearms.

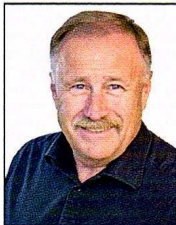

We as a club with our membership numbers along with non member friends, families and others pack a major political clout. You have to protect yourselves, don't rely on the NFA, CCFR and other groups to do your work. If you choose to be apathetic not fighting for your firearms then you deserve the consequences,

Thank you for your time

John Pitchford

Malahat Adventure Skills Park (Concept Plan)

Submitted by Terrance Martin, Director

As previously announced, the board is developing a plan for use of the property north of the shotgun range. In view of the litigation assault on the operations of the Salt Spring Island range and other clubs, the board is also considering new acquisitions for sound buffer.

With board approval, for rezoning purposes and general convenience of reference, the public face of the initiative has been conceptually called the “*Malahat Adventure Skills Park*,” into which I have bundled the access and archery portfolios. Additional room to operate is clearly required to mitigate the threat to firing range operations from lead and noise, but I see these as symptoms of the real threat, which is the long-term social assault on the legitimacy of firearm ownership and rural way of life generally.

What we really need is a social buffer. Anyone with children knows the first thing humans do when we need something – we name it. Hence, the **Malahat Adventure Skills Park**.

Rezoning and acquisition of new properties is a long-term initiative, so my plan is to do what we can with what we have in the interim.

While the summer job students put a lot of work into general grounds maintenance that may go unnoticed, the crowning achievement for their effort over the summer is a trail on an old skid road out past the airsoft range to a fantastic lookout with an incredible high-elevation view of the Saanich Inlet. We will be looking at ways to see if it may be possible to descend the cliff and reach the club water-frontage with a rope-assist trail.

We have a kid & mom friendly place to learn and practice outdoor skills, a clubhouse, range, and 3D trail that connects the basecamp to the lookout, and we have waterfront off some of the best prawning grounds anywhere. Contact Terrance for information! access@vfgpa.org mobile: 250-642-2917

Province taking steps to prevent deadly deer disease in B.C.

The Province is implementing a mandatory sampling program that requires hunters to submit the heads from deer harvested in **wildlife management units 4-1, 4-2, 4-3, 4-4, 4-5, 4-6 and 4-7** in the Kootenay Region, after Montana Fish, Wildlife and Parks discovered five animals with Chronic Wasting Disease 60 km south of the B.C. border.

The Province has been monitoring for the disease since 2002, targeting the Peace and East Kootenay Regions as high-risk areas for disease entry due to its presence in Alberta and Montana. No infected animals have been found in B.C. so far, however, more sampling is needed to inform any additional response.

The provincial Wildlife Health Program is calling on all hunters, especially those in the Peace and East Kootenay, to bring deer, moose and elk heads to drop-off locations for testing. Starting **September 1, 2019** and ending **December 20, 2019**, hunters will be required to submit the heads of mule deer and white-tailed deer harvested in specific wildlife management units along the southern BC border in the Kootenay Region.

Anyone encountering an animal exhibiting the symptoms of Chronic Wasting Disease (thin, drooling, poor coordination, stumbling) should report it to the provincial Wildlife Health Program at 250-751-3219 or the Report all Poachers and Polluters hotline at 1-877-952-7277.

For more information on Chronic Wasting Disease in B.C., and for drop-off locations and Instructions, visit: www.gov.bc.ca/chronicwastingdisease.ca

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia." "The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province. "Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

NOTICE TO MEMBERS: CANNABIS IS NOW LEGAL!

(... as if you might have missed that little detail in the new Canadian Society ...)

The new rules in Canada that now allow legal use of Cannabis have prompted your Board of Directors to update a couple of our Range Rules to ensure that 'common sense' will still be prevalent on our ranges.

The Property Use Policy; Under 'General'; has been updated to the following;

14. Absolutely no consumption of alcohol or cannabis on any shooting or archery range. Anyone that appears to be impaired, for any reason, while using the ranges, will be asked to leave the property.

Also, Under 'General Range Rules - Number 14; has been updated to the following;

Rule # 14 – The consumption of alcohol or cannabis is **NOT** permitted on an active range.

"Your Board of Directors is working on a policy for Cannabis use while camping on the property. Expect an updated policy in the November Newsletter!"

BRASS PROGRAM

Brad Woollven will now collect, sort, and sell our club's recovered range brass. You can contact Brad at 250-727-9175 or by email at leonardwoollven@gmail.com regarding any calibres of reloadable brass that you might be looking for.

**"New to our Range: Holster Training Course"**

You must be 'Holster Trained' and have a Holster Training qualification Card to use a Handgun Holster on our ranges.

Holster Training Courses (a 2 hour short course 10-12pm) will be held at the club on:

Sept. 14th, Oct. 6th, Nov. 23rd, Dec. 15th

For Details, costs, & pre-registration, call at the Club Office 250-858-8342

**Victoria Fish & Game Club Chronograph is now available for rental!**

The club recently bought a basic Model F-1 Chrony which will be available for rental to our paid, card carrying club members. (We will not be renting the club chronograph to day pass users.) We will be charging a nominal fee of only \$10 for the use of the club's chronograph, which will be available to be signed out from the Caretaker's office. We will have a simple form to record the renting member's information and it will be the responsibility of the renter to return the chronograph to the office before they leave the range property. Since we suspect this will be a very popular club program I would suggest that you contact the office in advance to book your rental of the club Chrony by date, to ensure that someone else hasn't arranged to rent it on the same day. We now have a club camera tripod that can be used with the rental Chrony.

Salt Spring Island Rod and Gun Club

We continue to support our friends over on Salt Spring Island and they face challenging times. Please show your support by purchasing a membership at SSIRG or visiting their range.

Official Range Plan

If you have any suggestions for major capital improvements to the range, please submit your ideas to info@vfgpa.org

Hello Members,

Just a reminder ALL targets MUST be placed below "the orange lines on the Rifle Pistol Range" this prevents the target holders from getting shot up.

If you see someone not doing this please mention it to them (nicely).

Thanks for the help.

Junior Action Shooters

Is there a Junior in your life between the ages of 11 and 16 years of age who might be interested in coming out and shooting Action Pistol but isn't ready to shoot 9mm?

The South Island Action Shooters is offering a Junior Action Shooters course that will teach safe gun handling, holstering and how to safely move through a course of fire using 22 rimfire pistols.

A parent or guardian must be present during the training course which will be approximately 5 hours and be required to provide a rimfire pistol for the Junior to train with. They will also need at least 2 magazines a sturdy belt, a holster and 2 magazine pouches.

Please email sias@vfgpa.org for more information or to register your Junior.

TO ALL TRAP SHOOTERS

You can now shoot Trap at the same time as a Skeet Practice is taking place under some new strict conditions.

Please ask Staff to review the new conditions with you when you stop by the office to sign out Trap Keys.

Trap Practices are held four times a month on Wednesdays and Sundays as marked on the club's calendar.

“ If the skeet field is in use the onus is on the trap shooters to ask for a cease fire from the skeet shooters prior to proceeding downrange to your designated trap house also to tell them that you have returned to your firing line”. Thank you for your cooperation

BULLSEYE SHOOTING AT VFGPA 2019

VFGPA Weekly Bullseye Competition Shooting recently opened the 2019 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive ISSF Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 7 inch Bullseye target zone and as with all ISSF pistol disciplines, all firing must be done with one hand, unsupported at 25 yards.

Dom and David (Thank you) have assigned MP Range 7 for us each Wednesday morning. We have several shooters who are steadily advancing their marksmanship skills and our goal in 2019 is to have a full line of competitive Bullseye shooters.

If Precision Competitive Shooting is of interest to you,
Please contact:

Gary Byrne at (250)634-8215.

He can share additional details and answer any questions you may have.

Publisher's Note

Deadline for each month is the Wednesday after the Executive meeting (the first Monday) of the month.
NEXT DEADLINE WILL BE ON WEDNESDAY, October 9th, 2019. Note: Late submissions will be published in the month following. Send all pictures with the event name, date and the names of people in the photo.

Please send all submissions to:

**IMPORTANT NOTICE TO ALL MEMBERS**

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the

course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

Sept 22nd			
Sept. 25th			
Sept 28th			

If you have questions about the Program please ask the Manager, David,
Trap Director Mike or Relief Caretakers

**Safety Tip**

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if there is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item.

Once your hearing is damage it cannot be fixed and it does not repair itself.

**NEW VANCOUVER ISLAND DEER BOOK**

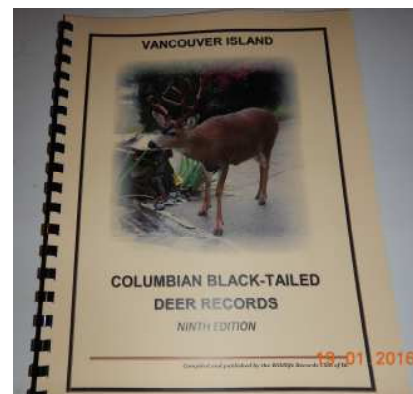

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00. The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

**VICTORIA FISH & GAME ANNUAL BIG GAME COMPETITION**

Hunters are reminded that Blacktail deer taken in MU 1-1 through 1-13 by Victoria Fish & Game members are eligible for the five trophies available each year. Deer must be field dressed which means that the heart, liver and kidneys (edible portions) are the only internal organs which can be included when the animal is weighed.

Deer must be weighed on Club scales by the caretaker/manager or his designate.

The official weigher reserves the right to refuse weighing any deer which arrives in an unrepresentable condition. Lungs must be removed and body cavity wiped dry with a rag or paper towels. Deer 160 pounds and over taken with a rifle and 140 pounds and over taken by bow and arrow must be witnessed by an executive member at time of weighing. Please contact the Club caretaker/manager or Wayne Zaccarelli to make arrangements. Hunters are reminded that access to club facilities is restricted to daylight hours with the gate locked progressively earlier through the hunting season. Please ensure that you confirm the time gates are locked and show up at least a half hour earlier.

Trophies available include:

McIlwaine Van & Storage (est. 1955) largest deer / rifle
 Victoria Fish & Game (est. 1966) largest scoring antlers
 Robinson's Sporting Goods (est. 1970) largest deer / bow & arrow
 Bob Hollingworth Memorial (est. 1983) largest buck deer / junior member
 Malahat Marauders (est. 1990) largest deer / muzzle loader

Gold, silver and bronze buttons are awarded in both rifle and bow & arrow classes for deer in the following weight categories:

	RIFLE	BOW & ARROW
Gold	180 lb +	160 lb +
Silver	160 - 179 ½ lb	140 - 159 ½ lb
Bronze	140 - 159 ½ lb	120 - 139 ½ lb

In addition, the Victoria Fish & Game Bear trophy is awarded annually for the largest Black bear taken by a Club member. Boone & Crockett Club scoring is used to determine the largest entry. Boundaries are again MU 1-1 through 1-13.
