GUN SHOW VFGPA

July is a difficult month to compete with the many other summer events around the region and attendance was lower this year. We had more outside table holders and the event is growing each year. 50/50 draw of \$204 was won by David Jaye. I can't express how thrilled I was with the great help of the amazing volunteers: Andrew Agate, the parking co-ordinator, along with his wife Jacqui, Terry Stein, Tara O'Mara, and Lia Versaavel provided all the parking needs. I had many kudos and pleasing comments on the kitchen menu (especially the homemade potato salad) provided by Tina and Rick Clark, with help by Erin Bernard, Liz Jatkowski and Wynn Jones. Catherine Fryer and granddaughter Alyssa ran the 50/50 draw. Jane Wooder assisted both in photography and the 50/50 draw. Jodi Sturgill and Sybil Kangas at the entry door. Special thanks to Steve Thorne, Gary Vitt and Adam Piluso for extra help in set up and take down and assisting where and when needed!

President's Report

September 2019

What better way is there to spend time than being up at the range? I hope you all have been enjoying the summer with friends and family enjoying our facilities and your favourite shooting sport.

Bill C-71, Next Steps

As you are all likely aware, Bill C-71 passed the third reading of the Senate, without any changes recommended by committee. This was unexpected, committee-recommended changes are often adopted when the Senate is deliberating bills.

The club has received a long-awaited letter from the Provincial Government requesting feedback from shooting ranges. Unfortunately, the letter was delayed in making its way to the eagerly awaiting Club Executive members who are responsible for drafting a response, but we are continuing to work to provide feedback. More information on our response will be available in the future.

Comings and Goings

Dave Becker has dedicated more years than most of us can recall to the club. He has served as President, Past president, member at Large and PPC director. The next phase of David and his family's life takes them to Manitoba, and we wish them all good luck and success in your new life in Manitoba. Thank-you Dave for your continuous positive attitude and cheer that you brought to the club. You will be missed.

Don Senft will be stepping up at director for PPC, and he is confident he is up for the challenge of being a part of our active and engaged board of directors.

Lyle MacGregor is stepping down as member at large due to his continued challenges to attend meetings which were in conflict with his other interest. Thank you, Lyle for all of the volunteering you continue to do for the club!

Jim Sprang may be a name familiar to many of you, we are very excited to have Jim re-join the board. Jim will be contributing to the Access program and helping out with re-zoning of 751 Trans-Canada. Jim has served on the board in the past, and brings with him a wealth of experience. Welcome, Jim!

Vic Skaarup has resigned his position as Treasurer. Vic has served on the board since March of 2012. He has served as Member-At-Large, and then Treasurer for the past 6 years. It is largely because of his financial wizardry that we were able to purchase 751 Trans Canada Highway. Also, thanks to Vic and his guidance, the BCWF established a Recreational Shooting Committee to represent the interests of shooting ranges and recreational shooters around the province. He was key in the development of establishing noise standards and environmental standards for ranges in partnership with both the BCWF and the Ministry of the Environment. Thank you, Vic for your years of service and all of the important changes you brought to the shooting community.

A big shout out to Laurie Page for putting on the Gun show again this year! That was a lot of work for her, and she got lots of volunteers to help out.

HOUSE KEEPING

Hello Members, a few house keeping items:

ALL NEW MEMBERS MUST TAKE THE ORIENTATION COURSE BEFORE THEY ARE ALLOWED TO USE THE CLUBS RANGES.

EVERYONE NEEDS TO SIGN IN WHEN AT THE RANGE!!

You cannot sign in anyone (for Free) on your Memberships. (if you don't have a Membership Card you have to have a Day-Pass displayed on you)

Sweeping your brass/steel/empty hulls off the concrete and/or leaving them on the ground is **not acceptable**. Please clean up after yourself. We have a lot of range users that do not know the rules (Day-Pass Users or New Members that haven't taken the mandatory "Orientation Course") please educate anyone not cleaning up after themselves. Extra buckets have been put at each range, these are not garbage buckets they are to be used for Brass Cartridges (recycle) on the R/P and M/P Range, shotgun shells on the S/G Range. All garbage (paper, plastic, cardboard) goes into the garbage cans.

Please print your Name/Member Number when you sign in, we **NEED** to be able to read what you **Write / Print**. **YOU MUST INITIAL THE ACKNOWLEDGEMENT THAT YOU KNOW THE RULES OF THE CLUB**

If **4:45pm** is Closing Time the last shot is **4:15pm**, you have 1/2 hr. to clean up and be past the main gate before it is locked. You need to be on the other side of the main gate by **4:45pm**. Range staff have already worked their 8 hours and would like to go home and see their families.

SURVEY ON FISHING POND

If you go fishing at the Club pond, please answer these questions and email to pchow4570@shaw.ca

1. How many times have you fished at the club property?
2. Are you fishing with a child or children, how many children?
3. How many fish are you keeping?

IMPORTANT MESSAGE

This is just a reminder that by law if you own a restricted firearm you must have a gun club membership (any gun club) or you may be subject to having your restricted firearms confiscated by the RCMP. Also make sure your PAL has not expired. As life gets busy we all know how easy it is to forget things. If you have firearms you want to dispose of, contact the club if you require assistance.

The existing *Firearms Marking Regulations* under the *Firearms Act*, scheduled to come into force on December 1, 2018, are being deferred until December 1, 2020

OBITUARY

RAYMOND E. LEASON (JULY 24, 1934 - JUNE 26, 2019)

We lost a truly remarkable man on June 26. A husband, a dad, a Papa, a brother, a friend. He was so proud to have been married, for 59 years, to Pat, who predeceased him in 2013. Ray is survived by Brad, Terry and Bruce, Brett, Shannon, Cole and Dane, his brother, Herb and his wife Shirley, his sister Barbara, and many good friends.

Ray lived a life filled with accomplishments. He was a competitor and excelled at every sport he undertook, be it baseball, boxing, table tennis, golf, or shooting trap, skeet and sporting clays. Ray was a proud member of the Vancouver Island Rangers and the Victoria Fish and Game. He was a very accomplished shooter, winning many awards and making many great friends over the years. Ray also excelled in his work with carpentry and as a roofing specialist with DND.

Ray passed away peacefully due to complications from cancer. He loved his family deeply and was always there to lend a hand or give support. He was especially proud of his grandson, Brett, and looked forward to their daily phone calls. He also loved spending time with his great grandsons, Cole and Dane, and he even let them drive his Jeep on our holidays in Parksville! Ray will truly be missed by his family, by his Friday night dinner companions, Les and Kay, by his many friends and neighbours, and by his best friend Graham Shaw who gave him so much sincere support these past months.

A heartfelt thank you to the doctors and nurses in the emergency department of Royal Jubilee for their compassionate care. No service by request.

Think of him as living

in the hearts of those he touched...

For nothing loved is ever lost-

and he was loved so much.

Rest well, Dad.

Airsoft News

We finally caught up with our 100th Anniversary Father's Day Raffle winner at our event on July 14th. William Monkhouse-Beck (right) was the lucky winner of the Airsoft G&G ARP9 and Umarex Glock 17 raffle package. Camouflage Victoria Assistant Manager Dennis Smith (left) presented the prize. We would like to thank Camouflage Victoria again for their generous donation for such a special event. July 14th also marked a new record for participation at an Airsoft event with 125 people coming out for the day. We have organized game day events coming up on August 11th & 25th, September 8th & 22nd and October 6th and 20th. See you on the field!

Hurrah for Liberty is a new novel by Vancouver Island resident writer, avid Black powder shooter, hunter, magazine writer and history enthusiast Oran Brucks.

Follow the exciting story of two brothers, the sons of a famed Pennsylvania gunsmith who embark on an epic journey down the Ohio River looking hoping to find some adventure and excitement. Adventure finds them and their idyllic trip becomes a deadly pursuit by ruthless enemies who are prepared to use any means to stop the brothers. Hurrah for Liberty is available at Amazon.ca and in distribution to book sellers worldwide.

NEEDED

We really need Members to Volunteer to present the Orientation Courses, Trap Access, Holster, And Handgun Essentials Courses. Not a huge commitment, as we present the Trap Access Program (about 40 min.).

Trap is at 6 pm every Wed except during the winter.

Orientation is every Wed at 7pm, all year long Plus the odd Sat/Sun during the month.

We are doing the Holster Course and Handgun Essentials Course once a Month (usually on Sun.) but some Saturdays would be good as well. Very easy to do, training provided, just send me an e-mail

Mosaic/Timberwest Access

A little rain has held off fire risk closures, and the access program continues to develop under the new Mosaic regime that combines operations and holdings of Island Timberlands and Timberwest. Terrance will be handing off the contract management to the capable hands of Jim Sprang in the coming months to move on to other interests. A meeting with the Mosaic group is tentatively scheduled for mid/late-September to make introductions and begin the year-end contract roll-over. The “ask” in access development this year is for “through-access to lands beyond” to be included as a defined purpose.

Archery

As previously announced, one of the additions to Terrance’s portfolio is the Archery discipline, having it handed over from Doug and Sonya. With funding arranged by Terrance through the “Caveman Engineers,” two full time Canada Summer Job students have been hard at work over July and August cleaning up the grounds and acquainting themselves with the other disciplines. One of the aims of the CSJ funding is to open employment opportunities for youth, and with continuing casual on-call work having been offered by VFGPA to the two hard working young men, the program will have demonstrably proved its purpose.

One of Terrance’s goals with the archery discipline is to provide a venue and activities that can compete with the adrenaline rush of on-line gaming to get youth unplugged, outside, and engaged with their parents. “Combat Archery” is an emerging sport that appears to have prospects, and once the equipment is sourced, trial events will be scheduled to evaluate the activity as part of the discipline. Also known as “archery tag” and played in school gyms, Terrance thinks it can be combined with airsoft to create a safe and friendly but exciting outdoor activity for the 7-12 yr range that may find full-scale airsoft battles too intense.

An additional trail has been roughed in by the CSJ workers, extending on an old grown-over skid road past the airsoft staging area out to an incredible view-point on the club property overlooking the Saanich Inlet. Terrance has submitted the trail to the board to be sanctioned for activities, and hopes to make use of it as an extension of the 3D trail artery that extends from the archery range down to the airsoft area. While not currently sanctioned for event use, it is an awesome hike on club property to which Terrance invites any member to join him to take in the experience of standing in quiet solitude under 800 year old giants of the forest, overlooking an ocean view with a sight-line to Mount Baker and a luminous night sky that predates humanity on the planet. With a rope-assist trail, Terrance hopes to extend hiking access for those more adventurous down to the waterfront owned by the club. It’s a great activity for parents of youth playing airsoft!

Terrance can be contacted at 250-642-2917 or archery@vfgpa.org

Archery

Doug and Sonya should be awarded a sainthood for bringing in a team to bail out Outdoor Discovery Day, which had 10-20 deep line up the entire day eager to get their hands on a bow. I have board approval to place two Canada Summer Job student hires on site over July & August for trails and grounds maintenance, and a very interested group of professional motorcycle instructors have booked the range as a training facility for off-road dual sport training, bringing in much needed cash to pay for much needed maintenance in the absence of volunteer work commitments. I’m looking forward to training our youth hires to assist the public on site over the summer and help build the core group of Cavemen.

Airsoft has also booked the trails one weekend day each month to accommodate their growing discipline. I assume they understand that comes with a volunteer work commitment.

Please be sure to check the booking calendar going forward, as the archery range is going to be a busy place with maintenance and corporate bookings.

Hansard voting results for Bill C71 for Vancouver Island

This information is an excerpt from the September 24, 2018 Hansard for Bill C-71. The Hansard is an official parliament record of voting on all Bills. I will put the MPS name first, their political party and riding they represent.

Elizabeth May	Green Party	Saanich-Gulf Islands
Murray Rankin	NDP	Victoria
Alistair MacGregor	NDP	Cowichan-Malahat-Langford
Randall Garrison	NDP	Esquimalt-Saanich- Sooke
Sheila Malcolmson	NDP	Nanaimo-Ladysmith
Rachael Blaney	NDP	North Island-Powell River

All of the above MPs voted yes to Bill C-71 which is a direct attack on on Firearm ownership and yes affects us all. If you voted for these MPs you are destroying your own ability to own firearms.

We as a club with our membership numbers along with non member friends, families and others pack a major political clout. You have to protect yourselves, don't rely on the NFA, CCFR and other groups to do your work. If you choose to be apathetic not fighting for your firearms then you deserve the consequences,

Thank you for your time

John Pitchford

VICTORIA FRONTIER SHOOTISTS
OF THE VICTORIA FISH & GAME
COWBOY ACTION WEEKEND

BY
GARY & SYBIL KANGAS

The Wild Bunch and Cowboy Action Shooting are fun action shooting events! These competitions combine costuming and fast action multi gun stages that are exciting and challenging. The contestants compete using old west alias's. Saturday, July 13th the shootists hosted the Wild Bunch a three gun match utilizing 1911 style pistols, lever guns of pistol calibre 40 calibre plus and pump shotguns either Winchester model 1897, Winchester model 12 or clones thereof. The theme for Saturday's event was a 1972 Robert Mitchum movie "The Wrath of God". The attendance was a little sparse due to the summer holiday season and competitions at other venues.

Lunch was provided by Black Ashley. The competitors were keen, presided over by Match Director Renegade Ron. Winners: Top Gun Black Ashley, 2nd Bert the Undertaker, 3rd General Sterling Price.

THE COWBOYS HAVE BEEN BUSY

By
ASHLEY HARRISON

On June 22nd the next step towards extending the berms at the MP range was accomplished... thanks to:
Vern Trew, of Trew Slinger Service, who arranged it all and drove the truck
Jeff Wynen, of On Track Excavating, who donated his time and excavator to unload the blocks
Ron Bassey, of Jencam Transport, who donated the Tractor
Waynes Trucking who donated the trailer
Butler Concrete & Aggregate for a great deal on the blocks.

Vern, Jeff & Ashley put in a 15 hour day hauling 97 concrete blocks from downtown Victoria to the range where they were met by Dom Piluso who was an indispensable help, using his own excavator to help unload.

You think you car gets bad gas mileage...we burned \$700.00 of fuel in the four trips back and forth, at a rate of 21 kilometers per hour over the Malahat.

We had a blast doing it!!

We can't wait to finish up the berms...so everyone can use the shooting sheds.

NEW 7th EDITION BIG GAME RECORDS OF B.C.

The new 7th edition of the *Big Game Records of British Columbia* is now available at a cost of \$35. The 560 page hard cover book is published by the Wildlife Records Club of B.C. "This is the official records book for exceptional big game species native to British Columbia, based on the Boone and Crockett scoring system." The book lists more than 10,000 entries in 19 big game categories with over 1400 of these being new entries since the previous edition in 2010.

The book includes feature articles, many pictures and hunting stories related to several of the recent entries. "This is a book for all who have an interest in the outstanding diversity and abundance of big game in British Columbia." "The foundation for the Wildlife Records Club of British Columbia was originally conceived in Kamloops in 1967 with the objective of maintaining a perpetual record of trophy-class big game from British Columbia." Since 1982, operations of the Club have been based on Vancouver Island. The Club continues to qualify volunteer scorers located throughout the province. "Dedicated to wildlife conservation, selective hunting and fair chase, the Club invites the membership of individuals with similar ideals."

Copies of previous editions are available at the prices noted below (postage extra):

NOTICE TO MEMBERS: CANNABIS IS NOW LEGAL!

(... as if you might have missed that little detail in the new Canadian Society ...)

The new rules in Canada that now allow legal use of Cannabis have prompted your Board of Directors to update a couple of our Range Rules to ensure that 'common sense' will still be prevalent on our ranges.

The Property Use Policy; Under 'General'; has been updated to the following;

14. Absolutely no consumption of alcohol or cannabis on any shooting or archery range. Anyone that appears to be impaired, for any reason, while using the ranges, will be asked to leave the property.

Also, Under 'General Range Rules - Number 14; has been updated to the following;

Rule # 14 – The consumption of alcohol or cannabis is **NOT** permitted on an active range.

BRASS PROGRAM

Brad Woollven will now collect, sort, and sell our club's recovered range brass. You can contact Brad at 250-727-9175 or by email at leonardwoollven@gmail.com regarding any calibres of reloadable brass that you might be looking for.

"New to our Range: Holster Training Course"

You must be 'Holster Trained' and have a Holster Training qualification Card to use a Handgun Holster on our ranges.

Holster Training Courses (a 2 hour short course 10-12pm) will be held at the club on:

Aug. 11th, Sept. 14th, Oct. 6th, Nov. 23rd, Dec. 15th

For Details, costs, & pre-registration, call at the Club Office 250-858-8342

Victoria Fish & Game Club Chronograph is now available for rental!

The club recently bought a basic Model F-1 Chrony which will be available for rental to our paid, card carrying club members. (We will not be renting the club chronograph to day pass users.) We will be charging a nominal fee of only \$10 for the use of the club's chronograph, which will be available to be signed out from the Caretaker's office. We will have a simple form to record the renting member's information and it will be the responsibility of the renter to return the chronograph to the office before they leave the range property. Since we suspect this will be a very popular club program I would suggest that you contact the office in advance to book your rental of the club Chrony by date, to ensure that someone else hasn't arranged to rent it on the same day. We now have a club camera tripod that can be used with the rental Chrony.

Official Range Plan

If you have any suggestions for major capital improvements to the range, please submit your ideas to info@vfgpa.org

Hello Members,

Just a reminder ALL targets MUST be placed below "the orange lines on the Rifle Pistol Range" this prevents the target holders from getting shot up.

If you see someone not doing this please mention it to them (nicely).

Thanks for the help.

TO ALL TRAP SHOOTERS

You can now shoot Trap at the same time as a Skeet Practice is taking place under some new strict conditions.

Please ask Staff to review the new conditions with you when you stop by the office to sign out Trap Keys.

Trap Practices are held four times a month on Wednesdays and Sundays as marked on the club's calendar.

“ If the skeet field is in use the onus is on the trap shooters to ask for a cease fire from the skeet shooters prior to proceeding downrange to your designated trap house also to tell them that you have returned to your firing line”. Thank you for your cooperation

BULLSEYE SHOOTING AT VFGPA 2019

VFGPA Weekly Bullseye Competition Shooting recently opened the 2019 season. We shoot on Wednesday morning at 09.00h. [Setup is 08.45] In addition to the match course of fire we share tips and practices all aimed at improving our marksmanship skills. Bullseye shooting will be of interest to pistol shooters who want to move from fun “Plinking” to Competitive ISSF Pistol shooting. This 22 cal. course of fire emphasizes accuracy as it requires disciplined hand/eye coordination when shooting a 7 inch Bullseye target zone and as with all ISSF pistol disciplines, all firing must be done with one hand, unsupported at 25 yards.

Dom and David (Thank you) have assigned MP Range 7 for us each Wednesday morning. We have several shooters who are steadily advancing their marksmanship skills and our goal in 2019 is to have a full line of competitive Bullseye shooters.

If Precision Competitive Shooting is of interest to you,
Please contact:

Gary Byrne at (250)634-8215.

He can share additional details and answer any questions you may have.

Publisher's Note

Deadline for each month is the Wednesday after the Executive meeting (the first Monday) of the month.

IMPORTANT NOTICE TO ALL MEMBERS

A reminder that all members of the Victoria Fish & Game are required to take our Free two hour Range Orientation Course every five years.

We are having a lot of changes & upgrades to the various ranges, and we do not want our members left behind with their knowledge of the range and its requirements.

New members are required to take the course before they are allowed to use any of our facilities. If you are an existing member, and have not already taken the course, please look at our Website calendar and attend one of our sessions as soon as possible.

We require everyone to have their membership card, and an orientation card with them when attending the range so don't take a chance on being asked to leave if you do not have a card!!

Safety Tip

Each Range has a Perimeter Flag. If the Red Flag is in the UP position that is a indicator that the range is active. Even if their is a cease fire shooting can start at anytime.

It is a good idea to put your Hearing Protection on at the Perimeter Flag before you get to the active range. (Range Rules require that hearing and eye protection be worn on the Ranges.)

The Federal Licensing Course suggest you wear both in ear and outside ear protection, another option is the "Electronics Earmuffs" Good Christmas List need item. Once your hearing is damage it cannot be fixed and it does not repair itself.

NEW VANCOUVER ISLAND DEER BOOK

Copies of the ninth edition (2016) of the Vancouver Island Columbian Blacktail Deer Records are available at a cost of \$10 each. The publication contains an excellent article written by Byron Mason on fifty years with the deer in the Nimpkish Valley. Byron relates the impact of wolf and cougar predation on deer population abundance and hence, hunting success. He also includes 45 years of deer count data from 1970 through 2015.

There is also an article on early cougar hunting where the provincial government paid a bounty of varying amounts on cougars taken between 1870 and 1958. The new edition contains numerous colour photographs of harvested deer as well as record heads and antlers.

Copies of the previous eighth edition (2010) are still available at a cost of \$5.00. The current records list over 2160 entries scoring 100 or more Boone & Crockett points.

Of particular note is the re-scoring of the Norm Hammond buck from 1942. These antlers were the number two head in the previous eighth edition (2010) scoring 139 7/8.

Following a request from the current owner, it was panel scored in March 2015 and is now ranked as the number one Vancouver Island deer with a score of 143 5/8.

News release

July 5, 2019

Vancouver, British Columbia - There is no relationship more important to the Government of Canada than the one with Indigenous Peoples. Our government is committed to advancing a renewed relationship with Indigenous communities, based on the recognition of rights, respect, cooperation, and partnership. As part of this commitment, we are working to modernize and strengthen nation-to-nation, government-to-government structures, and to support a more collaborative approach to fisheries management by the Government of Canada and Indigenous Peoples.

British Columbia (BC) First Nations along the migratory route of Fraser salmon have a long standing and profound relationship with the Fraser salmon. The conservation and restoration of Fraser salmon today, and for generations to come, is the highest priority when we are making governance and management decisions about this species.

Today, the Minister of Fisheries, Oceans and the Canadian Coast Guard, the Honourable Jonathan Wilkinson, and Darren Haskell, President of the Fraser Salmon Management Council (FSMC), announced the signing of the Fraser Salmon Collaborative Management Agreement between Fisheries and Oceans Canada (DFO) and the FSMC.

This is a landmark agreement that signals a significant change and opportunity for meaningful and innovative reconciliation work between DFO and Indigenous communities. This creates a joint DFO-FSMC board that will review, and make collaborative decisions on operational fisheries issues, to be outlined in their annual work plan.

The Fraser Salmon Management Council was established by First Nations along the migratory route of Fraser salmon in March 2014, with the adoption of their constitution and bylaws. FSMC currently includes 76 member First Nations representing a majority of British Columbia (BC) First Nations with access to Fraser salmon fisheries. The Fraser Salmon Management Council membership includes First Nations along the migratory route of Fraser salmon, including the Upper, Middle and Lower Fraser and Marine Approach (Vancouver Island) areas.

JULY 15, 2019 PUBLIC FISHERY PROTEST

On July 15 between 9:00 and 10:00 AM, a public Chinook fishery protest was conducted by approximately 50 boats in the vicinity of Ogden Point. Much of the South Coast, with the exception of lower Georgia Strait and Juan de Fuca Strait, opened to the retention of one Chinook salmon between July 15 and July 31. These areas had previously been closed to Chinook retention since mid April in efforts to protect wild, early timed upper and mid Fraser River stocks of concern. Anglers had requested that the Minister of Fisheries & Oceans, Jonathan Wilkinson, open lower Georgia Strait and Juan de Fuca Strait to the retention of one hatchery Chinook daily between July 15 and July 31, without success. That was the reason behind the protest.

Submitted by Wayne Z.

AMALGAMATED CONSERVATION SOCIETY
1101 MUNRO STREET, VICTORIA, B.C., V9A 5P2

July 10, 2019

Jonathan Wilkinson,
Minister of Fisheries & Oceans and Coast Guard,
102 West 3rd Street,
North Vancouver, B.C.,
V7M 1E8

The Amalgamated Conservation Society has operated continuously since 1954 and was largely responsible for the formation of the Sport Fishing Advisory Board in 1964. The ACS is comprised of its ten member associations representing close to 5000 individual members on southern Vancouver Island. The majority of the members are anglers who fish the waters of Juan de Fuca and Southern Georgia Straits.

We urge you, as the Minister responsible, to amend your public fishery chinook non-retention regulations for JDF and SGS to allow for the retention of at least one hatchery (adipose fin clipped) chinook salmon effective July 15; instead of the existing date of August 01. Our catch in recent years is comprised mainly of U.S. hatchery Chinooks. The public fishery's impact on the early Fraser chinook stocks of concern is minimal. There is obviously no conservation concerns for these Fraser River Chinooks after July 15 as your department is allowing full scale netting within the Fraser.

Our members were shocked by your statements on CKNW recently where you denied the existence of First Nations FSC net openings for these same early returning chinook stocks that your department is supposedly trying to protect. It was pointed out that over 90 First Nations FSC openings have occurred to date on the Fraser; according to the DFO website. These openings coincide with the spawning migration of the very same endangered chinook stocks of concern.

The retention of one hatchery chinook effective July 15 will allow opportunity for the public chinook fishery to exist while not compromising the conservation objectives for these stocks.

Sincerely,
Wayne Zaccarelli,
Secretary-Treasurer

VICTORIA FISH & GAME ANNUAL BIG GAME COMPETITION

Hunters are reminded that Blacktail deer taken in MU 1-1 through 1-13 by Victoria Fish & Game members are eligible for the five trophies available each year. Deer must be field dressed which means that the heart, liver and kidneys (edible portions) are the only internal organs which can be included when the animal is weighed.

Deer must be weighed on Club scales by the caretaker/manager or his designate.

The official weigher reserves the right to refuse weighing any deer which arrives in an unrepresentable condition. Lungs must be removed and body cavity wiped dry with a rag or paper towels. Deer 160 pounds and over taken with a rifle and 140 pounds and over taken by bow and arrow must be witnessed by an executive member at time of weighing. Please contact the Club caretaker/manager or Wayne Zaccarelli to make arrangements. Hunters are reminded that access to club facilities is restricted to daylight hours with the gate locked progressively earlier through the hunting season. Please ensure that you confirm the time gates are locked and show up at least a half hour earlier.

Continues next page

Trophies available include:

- McIlwaine Van & Storage (est. 1955) largest deer / rifle
- Victoria Fish & Game (est. 1966) largest scoring antlers
- Robinson’s Sporting Goods (est. 1970) largest deer / bow & arrow
- Bob Hollingworth Memorial (est. 1983) largest buck deer / junior member
- Malahat Marauders (est. 1990) largest deer / muzzle loader

Gold, silver and bronze buttons are awarded in both rifle and bow & arrow classes for deer in the following weight categories:

	RIFLE	BOW & ARROW
Gold	180 lb +	160 lb +
Silver	160 - 179 ½ lb	140 - 159 ½ lb
Bronze	140 - 159 ½ lb	120 - 139 ½ lb

In addition, the Victoria Fish & Game Bear trophy is awarded annually for the largest Black bear taken by a Club member. Boone & Crockett Club scoring is used to determine the largest entry. Boundaries are again MU 1-1 through 1-13.

Province taking steps to prevent deadly deer disease in B.C.

The Province is implementing a mandatory sampling program that requires hunters to submit the heads from deer harvested in **wildlife management units 4-1, 4-2, 4-3, 4-4, 4-5, 4-6 and 4-7** in the Kootenay Region, after Montana Fish, Wildlife and Parks discovered five animals with Chronic Wasting Disease 60 km south of the B.C. border.

The Province has been monitoring for the disease since 2002, targeting the Peace and East Kootenay Regions as high-risk areas for disease entry due to its presence in Alberta and Montana. No infected animals have been found in B.C so far, however, more sampling is needed to inform any additional response.

The provincial Wildlife Health Program is calling on all hunters, especially those in the Peace and East Kootenay, to bring deer, moose and elk heads to drop-off locations for testing. Starting **September 1, 2019** and ending **December 20, 2019**, hunters will be required to submit the heads of mule deer and white-tailed deer harvested in specific wildlife management units along the southern BC border in the Kootenay Region.

Anyone encountering an animal exhibiting the symptoms of Chronic Wasting Disease (thin, drooling, poor coordination, stumbling) should report it to the provincial Wildlife Health Program at 250-751-3219 or the Report all Poachers and Polluters hotline at 1-877-952-7277.

For more information on Chronic Wasting Disease in B.C., and for drop-off locations and instructions, visit: www.gov.bc.ca/chronicwastingdisease.ca
